Bright Health with Arizona Care Network.

We've partnered with Arizona Care Network to provide and coordinate the care you need, so you can focus on living your Brightest life. This directory is a list of all the in-network providers included in Bright Health's Medicare Advantage plans, who have agreed to provide you with healthcare services. You can find a list of in-network dental, vision, and hearing providers online at BrightHealthPlan.com/Medicare. As a Bright Health Medicare Advantage plan member, you may go to any of the network providers listed in this directory.

Members can get urgent care or emergency care from an out-of-network provider if a network provider is not available in the area or is temporarily inaccessible. Both emergency and urgent care services are only available within the U.S. and its territories.

Keep in mind, in most cases, if you choose to get care outside of the plan's network, you will pay for the full cost of the service. However, if you need out-of-network emergency services, out-of-area urgently needed services or out-of-area dialysis services, then we've got you covered.

Our plans revolve around you and the relationship you have with your primary care provider ("PCP"). A PCP is a provider you see for all your basic medical needs, including preventive care. Your PCP will help get you the care you need with specialists, behavioral healthcare providers, hospital services, and more, when necessary. If a prior authorization for a service is needed, your PCP will contact Bright Health before you have the service, to confirm if the service will be covered. That level of care and attention to your healthcare puts you at the center and never in the middle. That's why we request that when you enroll in a Bright Health plan, you choose a Arizona Care Network primary care provider listed in this directory.

Getting care from an out-of-network provider

We cover certain health care services that you get from out-of-network providers. These include care for a medical emergency care, out-of-area urgently needed care, out-of-area renal dialysis (kidney) services, care that has been approved in advance by the plan, and any services which were ordered covered through an appeals process.

If you do receive a bill for **covered services** from an out-of-network provider, contact Bright Health at the number on the front and back of this directory to confirm your cost-sharing responsibility. You should never pay any out-of-network provider more than what the provider is allowed by Medicare. Ask the out-of-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your out-of-network provider for our share of the bill and will let you know the amount, if any, you must pay.

If you need urgent care, call your doctor's office during the day to make sure you don't incur unnecessary expenses.

Emergency Care

If you have a medical emergency, get help as quickly as possible. Call **911** for help or go to the nearest emergency room or hospital.

If you have an emergency, we will talk with the providers who are giving you emergency care to help manage and follow up on your care. The providers who are giving you emergency care will decide when your condition is stable and the medical emergency is over. After the emergency is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow.

For example, if you are temporarily outside the plan's service area, but still in the United States and territories, and you have an urgent need for care, you probably will not be able to find or get to one of the providers in our plan's network. In this situation (when you are outside the service area and cannot get care from network providers), our plan will cover urgently needed care that you get from any provider. Our plan does not cover urgently needed care or any other non-emergency care if you receive the care outside of the United States and territories.

If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, you must return to a network hospital in order for your care to continue to be covered. Or, you must have your inpatient care at the out-of-network hospital authorized by the plan and in doing so, your cost sharing will be the same as the amount paid at a network hospital. If you continue to get routine care from an out-of-network provider, neither Medicare nor Bright Health will be responsible for the costs.

For more detailed information about your healthcare coverage, please see your Evidence of Coverage.

There. That's Brighter.

Providers may have been added or removed after this directory was printed. This means some providers listed here may no longer be in our network, or there may be newer providers in our network that are not listed. For the most current list, and to access Bright Health's online provider directory visit BrightHealthPlan.com/Medicare. For questions about the information contained in this directory (hardcopy or online), call Bright Health Member Services at: 844-202-4463, 8am–8pm, local time, 7 days a week Oct .1–Feb. 14, Monday–Friday Feb. 15–Sept. 30 or for TTY users 711

Other Providers are available in our network. Most network providers participate through our Care Partner, Arizona Care Network.

Bright Advantage and Bright Advantage Plus are Medicare Advantage plans with a Medicare contract with the Federal government. Enrollment in the plan depends on contract renewal. Our plans are issued through: Bright Health Insurance Company of Alabama, Inc.; Bright Health Company of Arizona; and Bright Health Insurance Company.

This list is current as of 09/24/2017.
