Section 4 – Eligibility

We offer two types of Individual policies:

1. Individual Policies: these policies include coverage for at least one adult age 19 or older, and also includes coverage for eligible Dependents.
2. Individual Child-Only Policies: these policies include coverage for children under age 21, without a parent or legal guardian enrolling in the Plan.

Except as stated above, criteria for eligibility is the same for both types of plans. When an Eligible Individual is enrolled, We refer to that person as a Covered Person, You or Your.

WHO IS ELIGIBLE FOR COVERAGE

Eligible Subscribers

To be eligible to enroll as a Subscriber under this Plan, You must

- Reside in the Service Area (if You or an enrolled Dependent reside outside of the Service Area and incur health care services, You may be subject to higher Out-of-Pocket expenses);
- Not be enrolled in Medicare Parts A, B and/or D on Your effective date of coverage with Us. It is unlawful for Us to knowingly issue an individual market policy to You if You are enrolled in Medicare on Your effective date. If we have knowledge of Your enrollment in Medicare, we will not issue a Policy to You.

Eligible Dependents

The following persons may be eligible to enroll as Dependents under this plan:

- A Spouse as defined in the *Definitions section of this Policy*, *except in the case of a child-only Policy*.
- Your Child(ren) as defined in the *Definitions section of this Policy*.

When a Dependent is actually enrolled, We refer to that person as an Enrolled Dependent or Enrolled Child, as appropriate.

For a complete definition of Dependent, Child(ren), and Enrolled Dependent, see the *Definitions section of this Policy*.

WHEN COVERAGE BEGINS

If you are a new enrollee with Bright HealthCare and have paid your first month's premium, your coverage will begin on the date listed as the Effective Date on Your ID Card. No health services received prior to the Effective Date are covered.

Policies for new enrollees begin on the first of the month only.

If you are a new or renewing enrollee with Bright HealthCare and You had coverage with Us in the past 12 months, Your premiums from the last 12 months must be paid in full before Your Policy will renew. If You have an outstanding premium balance, payment made for Your new or renewing Policy will be applied to Your outstanding premium amount owed to Us before being applied to Your new or renewing Policy. Premiums for the prior 12 months must be current, and the first month's premium for Your new or renewing Policy must be paid before Your policy becomes effective.

OPEN ENROLLMENT PERIOD

The open enrollment period is November 1st through December 15th. During this time, You can make changes to Your coverage. We will provide you with an annual Open Enrollment notice by November 1st.

SPECIAL ENROLLMENT PERIOD

Individuals who experience certain Qualifying Life Events can enroll in, or change enrollment within sixty (60) days of the Qualifying Life Event. For certain triggering events, such as loss of minimum essential coverage, or becoming newly eligible or ineligible for federal subsidy programs, an individual has sixty (60) days before and after the event to select a plan. The effective date of coverage depends on the qualifying events.

ENROLLING ELIGIBLE DEPENDENTS

Dependents who have a Qualifying Life Event as defined by state and federal law may be enrolled during the special enrollment period as described below. The special enrollment period is a period in which enrollment is allowed before or after an individual becomes eligible for coverage due to any of the Qualifying Life Events listed below.

Dependents who are notified or become aware of the Qualifying Life Event may enroll during the sixty (60) calendar days before or after the effective date of the Qualifying Life Event, with coverage beginning no earlier than the day the Qualifying Life Event occurs. Qualifying Life Events include:

- An individual:
 - Involuntarily loses minimal essential coverage for any reason other than fraud, misrepresentation, or failure to pay a premium. The date of the loss of coverage is the last day the enrollee would have coverage under the previous plan
 - Is enrolled in any non-calendar year group health plan or individual health insurance coverage, even if the individual or his or her dependent has the option to renew the coverage. The date of loss is the last day of the plan or policy year.
 - Loses pregnancy related coverage or loses access to health care services through coverage to a pregnant woman's unborn child. The date of loss of coverage is the last day the qualified individual would have pregnancy related coverage or access to health care services through the unborn child coverage.
 - Loses medically needy coverage. The date of loss of coverage is the last day the person has medically needy coverage.
- An individual gains a Dependent or becomes a Dependent through marriage, civil union, birth, adoption, or placement for adoption, placement for foster care, through a child support order or other court order, or by entering into a Designated Beneficiary agreement. In the case of marriage, at least one spouse must demonstrate having minimum essential coverage for one or more days during the 60 days preceding the date of marriage.
- The option of the Exchange, an enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation as defined by State law in the State in which the divorce or legal separation occurs, or if the enrollee or his or her dependent dies.
- A qualified individual or his or her dependent becomes newly eligible for enrollment in a Qualified Health Plan through the Exchange because he or she newly satisfies the requirements.
- An individual's enrollment or non-enrollment in a health benefit plan is unintentional, inadvertent, or erroneous and is the result of an error, misrepresentation, or inaction of the carrier, producer, or Exchange;
- An individual adequately demonstrates to the commissioner that the health benefit plan in which the individual is enrolled has substantially violated a material provision of its contract in relation to the individual;
- The Exchange determines an individual or his or her dependent who is enrolled in the same Qualified Health Plan to be newly eligible or newly ineligible for the federal advance payment tax credit or cost-sharing reductions available through the Exchange pursuant to federal law;
- A qualified individual or his or her dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for advance payments of the premium tax credit based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan, including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage.
- A qualified individual who was previously ineligible for advance payments of the premium tax credit solely because of a household income below 100 percent of the Federal Poverty Level and who, during the same timeframe, was ineligible for Medicaid because he or she was living

in a non-Medicaid expansion State, who either experiences a change in household income or moves to a different State resulting in the qualified individual becoming newly eligible for advance payments of the premium tax credit; or

- At the option of the Exchange, the qualified individual or his or her dependent:
 - Experiences a decrease in household income;
 - Is newly determined eligible by the Exchange for advance payments of the premium tax credit; and
 - Had minimum essential coverage for one or more days during the 60 days preceding the date of the financial change.
- An individual gains access to other creditable coverage as a result of a permanent change of residence; or
- An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a qualified health plan or change from one qualified health plan to another one time per month, or;
- A qualified individual who is or becomes a dependent of an Indian, as defined by section 4 of the Indian Health Care Improvement Act and is enrolled or in enrolling in a Qualified Health Plan through an Exchange on the same application as the Indian, may change from one Qualified Health Plan to another one time per month, at the same time as the Indian;
- A qualified individual or enrollee, or his or her dependent, demonstrates to the Exchange, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Exchange may provide;
- A qualified individual or enrollee:
 - is a victim of domestic abuse or spousal abandonment or a dependent or unmarried victim within a household, is enrolled in minimum essential coverage, and sought to enroll in coverage separate from the perpetrator of the abuse or abandonment; or
 - is a dependent of a victim of domestic abuse or spousal abandonment, on the same application as the victim may enroll in coverage at the same time as the victim;
- A qualified individual or dependent:
 - Applies for coverage on the Exchange during the annual open enrollment period or due to a qualifying event, is assessed by the Exchange as potentially eligible for Medicaid or the Children's Health Insurance Program (CHIP), and is determined ineligible for Medicaid or CHIP by the State Medicaid or CHIP agency either after open enrollment has ended or more than 60 days after the qualifying event; or
 - Applies for coverage at the State Medicaid or CHIP agency during the annual open enrollment period, and is determined ineligible for Medicaid or CHIP after open enrollment has ended;
- A qualified individual or enrollee, or his or her dependent, adequately demonstrates to the Exchange that a material error related to plan benefits, service area, or premium influenced the qualified individual's or enrollee's decision to purchase a QHP through the Exchange; or
- At the option of the Exchange, the qualified individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a QHP through the Exchange following termination of Exchange enrollment due to a failure to verify such status within the time period, or is under 100 percent of the Federal poverty level and did not enroll in coverage while waiting for HHS to verify his or her citizenship, status as a national, or lawful presence. I
- A parent or legal guardian dis-enrolling a Dependent, or a Dependent becoming ineligible for the Children's Basic Health Plan;
- An individual becoming ineligible under Medicaid;
- An individual, who was not previously a citizen, a national, or a lawfully present individual, gains such status; or
- Any other event or circumstance occurs as set forth in rules from the South Carolina Department of Insurance that defines triggering events.

If You become aware of a qualifying event that will occur in the future, You may apply for coverage during the sixty (60) calendar days prior to the effective date of the qualifying event.

If the Dependent had coverage with Us in the past 12 months, and has an outstanding premium amount, payment made for the Special Enrollment Period will be applied to the outstanding

premium amount. Premiums for the prior coverage must be current, and the first month's premium for the Special Enrollment Period must be paid before the Dependent's Policy becomes effective.

A Dependent newborn child must be enrolled within 31 days of the date of birth. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full premium responsibility for the newborn after the initial 31 days of coverage.

Newly adopted children (including children newly placed for adoption), the effective date of coverage is the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 60 days from the date the child is placed in Your custody or the date of the final decree of adoption. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full premium responsibility for the adopted child. The monthly premium for the newly adopted child is the entire month's premium. Adopted child premiums are not pro-rated.

For all other Dependents, if enrolled within 60 days of becoming eligible, the effective date of coverage will be the first day of the month following the date We receive the enrollment application and any written documentation that may be required to support the effective date of the qualifying event, and any required Premium. Proof of the qualifying event, i.e., a copy of the marriage certificate, Qualified Medical Support Order, etc. must be attached to the completed application.

Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to enroll unless they enroll under the provisions described in the special enrollment period section described above.

Court-Ordered Dependents

If a court declares that a parent is required to provide health coverage for a Child and the parent is enrolled for family health coverage through Us, we shall:

- permit the parent to enroll, under the family coverage, a Child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;
- if the parent is enrolled but fails to make application to obtain coverage for the Child, enroll the Child under family coverage upon application of:
 - the Child's other parent;
 - the state agency administering the Medicaid program; or
 - the state agency administering 42 U.S.C. Sections 651 to 669, the Child support enforcement program; and
- continue coverage of the Child unless We are provided satisfactory written evidence that the:
 - court order is no longer in effect; or the
 - Child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of disenrollment.

Custodial Parents

If a Child is enrolled under a Policy of a non-custodial parent, We shall:

- provide information to the custodial parent as may be necessary for the Child to obtain benefits through that coverage;
- permit the custodial parent or the health care provider, with the custodial parent's approval, to submit claims for covered services without the approval of the noncustodial parent; and
- make payments on claims submitted in accordance with item (2) directly to the custodial parent, the provider, or the state Medicaid agency.

IF YOU ARE HOSPITALIZED WHEN YOUR COVERAGE BEGINS

If You are inpatient in a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility on the day Your coverage begins and You were insured through a carrier other than Bright HealthCare on the date you were admitted, Your prior carrier is responsible for payment of Covered Health Services for the Inpatient Stay through the date of discharge. Bright HealthCare will pay for related Covered Health Services in accordance with the terms of the Policy, following discharge from the hospitalization. We will work with You to ensure a seamless transition of previously approved therapies or prescription medications.

You should notify Us of Your Hospitalization within 24 hours of the day Your coverage begins, or as soon as it is reasonably possible. For Benefit plans that have a Network Benefit level, Network Coverage is available only if You receive Covered Health Services from Network Providers.

Section 5 - How to Access Your Services and Obtain Approval of Benefits

Benefits under this plan are limited to those Covered Health Services included in the *Benefits/Coverages (What is Covered)* section of this document. Benefits are reimbursable as set forth in the *Schedule of Benefits*. All Covered Health Services are subject to the limitations and exclusions contained in the *Limitations/Exclusions (What is Not Covered)* Section of this Policy.

WARNING: LIMITED BENEFITS WILL BE PAID WHEN NON-NETWORK PROVIDERS ARE USED. You should be aware that when You elect to utilize the services of a Non-Network Provider for a covered non-emergency service, benefit payments to the Provider are not based upon the amount the Provider charges. The basis of the payment will be determined according to Our out-of-network reimbursement benefit and policies. Non-Network Providers may bill You for any difference in the amount. YOU MAY BE REQUIRED TO PAY MORE THAN THE COINSURANCE OR COPAYMENT AMOUNT. Participating Providers have agreed to accept discounted payments for services with no additional billing to you other than coinsurance, copayment, and deductible amounts. You may obtain further information about the Providers who have contracted with Us by visiting Our website or contacting Us or Your agent directly.

THIS IS A NETWORK ONLY PLAN

This plan uses a Network of Participating Providers to provide benefits to You. That means this Plan does not provide benefits for services You receive from Non-Network Providers, unless:

- You have a medical emergency;
- You are treated by a Non-Network Provider when you are receiving care at a Network Facility; or
- We authorize services out-of-network because the Medically Necessary services that You need are not available from a Participating Provider.

You can review Our provider network online at www.brighthealthcare.com, or You can contact the *Customer Service* Department at the telephone number listed in *Section 2* of this *Policy* and on Your ID card to obtain a copy of Our Provider Directory.

BENEFITS MAY BE LIMITED TO THE PLAN'S ALLOWABLE AMOUNT.

CHOOSE YOUR PHYSICIAN FROM OUR NETWORK OF PARTICIPATING PROVIDERS

We arrange for health care providers to participate in Our Network. Network or Participating Providers are independent practitioners. They are not Our employees. It is Your responsibility to select Your Physicians from Our Provider Network.

Participating Providers are listed on Our website at www.brighthealthcare.com or You can contact *Customer Service* at the telephone number listed in *Section 2* of this *Policy* and on Your ID card to obtain a copy of Our Provider Directory.

Participating Providers are subject to a credentialing process in which either We or Our designees confirm public information about the Provider's licensure and other professional credentials. This process does not assure the quality of the Provider's services. Providers and facilities are solely responsible for the care they deliver.

Before obtaining services, You should always verify whether or not the Provider is a Participating Provider. A provider's contracted status may change. You can verify if the provider is still in Our Network online at www.brighthealthcare.com or by calling *Customer Service* at the telephone number listed in *Section 2* of this *Policy* and on Your ID card.

It is possible that You will not be able to obtain services from a particular Network Provider. The network of Providers is subject to change. You might find that a particular Network Provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to You, You must choose another Network Provider to get Network Benefits. Our provider network includes a sufficient number of essential community providers (ECPs) within our geographic service area, where available, to ensure reasonable and timely access to a broad range of such providers for low-income individuals or individuals residing in health professional shortage areas. Our provider network complies with required network adequacy standards.

This plan allows You to:

- Choose from Our Network of Participating Providers and Hospitals for Your health care needs;
- Have direct access to eye care providers, mental health care providers, pediatricians, obstetrical or gynecological health care professionals. You do not need Prior Authorization from the plan or from any other person (including a primary care provider) in order to obtain access to mental health, obstetrical, or gynecological care from a health care professional in Our network who specializes in those types of services. The health care professional, however, may be required to comply with certain provisions related to 1) obtaining Prior Authorization 2) following a pre-approved treatment plan, and 3) following procedures for making referrals to other Participating Providers. For a list of participating health care professionals who specialize in eye care, mental health, and obstetrics or gynecology, visit Our website at www.brighthealthcare.com or call Our Customer Service line at the number listed in Section 2 of this Policy and on Your ID card. Take advantage of significant cost savings when You use doctors contracted with Us.

TRANSITION OF CARE (WHEN YOU ARE A NEW MEMBER AND WISH TO CONTINUE RECEIVING CARE FROM A NON-NETWORK PROVIDER)

Transition of Care allows you to continue to receive services for specified medical and behavioral conditions for a defined period of time with doctors, hospitals, and Providers who are not in Our Network. until the safe transfer of care to a Network Provider can be arranged.

You should apply for Transition of Care within 30 days from the time Your policy becomes effective. Requests will be reviewed within 10 days of receipt. Organ transplant requests will be reviewed within 30 days of receipt.

Examples of acute medical conditions (and/or situations) that may require Transition of Care:

- Pregnancy, in the second or third trimester of care
- High-risk pregnancy
- Solid organ transplants on a transplant list and anticipated to undergo transplant within 30 days
- Bone marrow transplants who are less than six months post transplant
- End-stage renal disease and dialysis
- Terminal illness with an anticipated life expectancy of six months or less

Examples of conditions that generally do not warrant Transition of Care:

- Routine exams, vaccinations, and health assessments
- Stable conditions such as diabetes, arthritis, allergies, asthma, glaucoma, depression and anxiety, etc.
- Elective scheduled surgeries such as removal of lesions, arthroscopies, hernia repairs, hysterectomy, etc.
- Services for speech therapy, physical therapy and home health care.
- Participation in a chronic disease treatment program, for which we have a comparable program.

For information on how to apply for Transition of Care, contact Bright HealthCare Customer Service at 1-855-827-4448.

CONTINUITY OF CARE (WHEN YOUR PROVIDER LEAVES OUR NETWORK)

Continuity of Care allows you to receive services at Network coverage levels for specified medical and behavioral conditions for a defined period of time when your Network doctor, hospital, or Provider leaves our Network and there are strong clinical reasons preventing immediate transfer of care to another Network Provider. You should apply for Continuity of Care within 30 days of your Network Provider leaving our Network. Requests will be reviewed within 10 days of receipt; organ transplant requests will be reviewed within 30 days.

If you are under the care of a Network Provider for one of the medical conditions below, and the Network Provider caring for you is terminated from the Network by us, we can arrange, at your request and subject to the Provider's agreement, for continuation of Covered Health Services rendered by the terminated Provider for the time periods shown below. Co-payments, Deductibles or other cost sharing components will be the same as you would have paid for a Provider currently contracting with us.

Medical conditions and time periods for which treatment by a terminated Network Provider will be covered under the Policy are:

- An Acute Condition or Serious Chronic Condition. Treatment by the terminated Provider may continue for up to 90 days or until the termination of the benefit period, whichever is greater.
- A high-risk Pregnancy or a Pregnancy that has reached the second or third trimester. Treatment by the terminated Provider may continue until the postpartum services related to the delivery are completed.

This section does not apply to treatment by a Provider or Provider group whose contract with us has been terminated or not renewed for reasons relating to medical disciplinary cause or reason, fraud or other criminal activity.

Do not assume that a Network Provider's agreement includes all Covered Health Services. Some Network Providers contract with Us to provide only certain Covered Health Services, but not all Covered Health Services.

For information on how to apply for Continuity of Care, contact Customer Service at the telephone number listed in the Contact Us section of this Policy and on Your ID Card.

You can obtain a listing of Network Providers on Our website, or by contacting the Customer Service Department at the telephone number listed in Section 2 of this Policy and on Your ID card. The provider's Network status is subject to change, so always confirm the provider's Network status with the provider at the time services are received.

ACCESS PLAN

We have prepared and maintain a Network Access Plan that describes how We monitor the Network of providers to ensure that You have access to care. The Network access plan is maintained at Our offices. Please contact *Customer Service* at the number listed in *Section 2 of this Policy* and on Your ID card for the location office nearest You.

DESIGNATED FACILITIES AND OTHER PROVIDERS

If You have a medical condition that We believe needs special services, We may direct You to a Designated Facility or designated Physician chosen by Us. If You require certain complex Covered Health Services for which expertise is limited, We may direct You to a Network facility or provider that is outside Your Service Area. If You are required to travel to obtain such Covered Health Services from a Designated Facility or designated Physician, We may reimburse certain travel expenses at Our discretion. Please refer to Section 6 – Benefits/Coverage, for more information about eligible Travel Expenses.

In both cases, Network Benefits will only be paid if Your Covered Health Services for that condition are provided by or arranged by the Designated Facility, designated Physician, or other provider chosen by Us. The Designated Facility, Physician or other provider chosen by us must abide by the Prior Authorization terms of this Policy.

You or Your Network Physician must notify Us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or designated Physician. If

You do not notify Us in advance and if You receive services from a Non-Network facility, (regardless of whether it is a Designated Facility) or other Non-Network Provider, Network Benefits will not be paid.

RECEIVING NON-EMERGENT CARE FROM NON-NETWORK PROVIDERS

In most cases, non-emergent care received from a Non-Network Provider is not covered.

Non-emergent services from Non-Network Providers may be covered by the plan when You are treated by a Non-Network Provider while you are receiving care at a Network facility. You will not be responsible for any payments beyond the Copayment, Deductible and Coinsurance amounts that You would have paid had You received services from a Network Provider.

Non-emergent services from Non-Network Providers may be covered by the plan when We approve an authorization request for Medically Necessary care to a Non-Network Provider because the care is not available from a Participating Network Provider. The payment for these services is subject to using the authorized Provider, Your eligibility at the time of service, and the benefit limitations outlined in Section 7 – Limitations/Exclusions (What is Not Covered). If We do not have a Network Provider or specialist within Our network to provide services for a covered benefit, We may issue Prior Authorization to see a Non-Network Provider.

If you need Medically Necessary care that cannot be provided by a Network Provider, You will not be charged additional expenses because use of a Non-Network Provider is required. The care must be Prior-authorized. You will be responsible for Copayment, Deductible and Coinsurance amounts as if You had received services from a Network Provider.

Non-Network Providers are not contracted with Us. If You access services from a Non-Network Provider for non-emergency Health Services and You did not have Prior Authorization from Us, the services will not be covered. You will be responsible for the entire amount that the Provider bills.

RECEIVING EMERGENCY CARE FROM NETWORK PROVIDERS OR NETWORK FACILITIES

When receiving Medically Necessary Emergency Health Services from a Participating or In-Network facility, You will be responsible for Your In-Network Deductible, Copayment or Coinsurance amounts as indicated in Your Schedule of Benefits.

RECEIVING EMERGENCY CARE FROM NON-NETWORK PROVIDERS OR NON-NETWORK FACILITIES

When receiving care that qualifies as Emergency Health Services from a Non-Network Provider in a Non-Network facility, payment from the Plan, unless otherwise permitted by law, will be the greater of :

- The median amount negotiated with In-Network Providers for the emergency service;
- Usual, Customary and Reasonable rate based on the geographic region; or
-
- The amount that would be paid under original Medicare fee-for-services for the Emergency Health Services.

You will be responsible for Your Copayment, Deductible, and Coinsurance amounts as well as charges that the Non-Network Provider may balance-bill.

PRIOR-AUTHORIZED CARE FROM NON-NETWORK PROVIDERS

In a case where We do not have a Network Provider or specialist within Our network to provide services for a covered benefit, We may issue Prior Authorization to see a Non-Network Provider.

If you need Medically Necessary care that cannot be provided by a Network Provider, You will not be charged additional expenses because use of a Non-Network Provider is required. The care must be Prior-authorized. You will be responsible for Copayment, Deductible and Coinsurance amounts as if You had received services from a Network Provider.

PAYMENT TO NON-NETWORK PROVIDERS

Refer to the Section 5, Receiving Non-Emergent Care From Non-Network Providers for situations in which We would cover services to Non-Network Providers.

If You receive care from a Non-Network Provider, You may be required to pay the charges in full to that Provider at the time of service. To be considered for reimbursement for what You have paid, You will need to provide Us with an itemized bill.

Itemized bills must be submitted on billing forms or the Provider's letterhead or stationery and must include:

- The name and address of the Physician or other health care Provider, Tax ID Number and NPI Number;
- The full name, address and date of birth of the patient receiving treatment or services; and
- The date of service, type of service, diagnosis, charge, and reimbursement for each service separately.

Canceled checks, balance due statements, cash register receipts or bills You prepare Yourself are not acceptable. Please make a copy of all itemized bills for Your records before You send them because the bills are not returned to You. Itemized bills are necessary for Your claim to be processed so that all benefits available under Your plan are provided.

Claims for services rendered by a Non-Participating Provider must be submitted to the Plan within one year (365 days) from the date of service. If Your Non-Network Provider does not file a claim for You, You are responsible for filing the claim within the one-year deadline. Claims submitted after the deadline are not eligible for benefit payment or reimbursement. If a claim is returned to You because We need additional information, You must resubmit it, with the information requested, within 90 days of the request.

OUR REIMBURSEMENT POLICIES

We develop reimbursement policy guidelines, at Our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association (AMA), and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for original Medicare fee-for-service.
- As Usual, Customary and Reasonable reimbursement items established
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that We accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse, and fraud reviews), Our reimbursement policies are applied to provider billings.

Network Providers are contractually obligated to follow Our reimbursement policies and may not bill You for any balances other than Your Copayment, Deductible or Coinsurance amounts after the Provider receives payment from Us.

Services provided by a Non-Network Provider at a Network facility will be reimbursed according to Network reimbursement policies. You will be responsible for Your Copayment, Deductible and Coinsurance amounts, as well as charges that the Non-Network Provider may balance-bill.

LIMITATIONS ON SELECTION OF PROVIDERS

If We determine that You are using health care services in a harmful or abusive manner, or with harmful frequency, Your selection of Network Providers may be limited. If this happens, We may require You to select a single Network Physician to provide and coordinate all future Covered Health Services. If You don't make a selection within 31 days of the date We notify You, We will select a single Network Physician for You. If You fail to use the selected Network Physician, Covered Health Services will be considered as Non-Network Benefits.

SERVICE AREA

Your Service Area is an area (based on full or partial counties) where Network Covered Health Services are generally available and readily accessible to You and Your covered Dependents.

Services from Network Providers can be accessed anywhere in Your Service Area. Any services received outside of Your Service Area from a Non-Network Provider will be considered Non-Network, and will not be covered with the exception of Emergency Health Services. Emergency Health Services will be covered as Network Benefits regardless of the provider's Network status or Service Area.

Non-emergency health services received from Non-Network Providers or received outside of Your Service Area will not be covered unless you have Prior Authorization from Us.

See Our provider directory on Our website at www.brighthealthcare.com for a list of Network Providers in the Service Area or contact the *Customer Service* Department at the telephone number listed in Section 2 of this Policy and on Your ID card for assistance.

MEDICAL NECESSITY

Understanding Medical Necessity is important for You as a Member because the decisions about coverage and treatment affect You. You need this information to make prudent choices.

We define Medically Necessary as health care services or supplies needed to diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

We may use several types of information in making decisions about Medical Necessity including but not limited to:

- Scientific evidence, medical literature, and other evidence-based guidelines Professional organization practice guidelines
- Expert opinion; and
- Consideration of cost-effectiveness compared to alternative interventions, including no intervention.
- State and federal regulatory agencies
- Managed care industry standards
- Technology assessment information services

SECOND OPINIONS

Second opinions should be received from an In-Network provider, when available. If You receive a second opinion from an Out-of-Network Provider when services could have been rendered In-Network, You may be required to pay those charges in full. We provide a network of Providers that meet all applicable network adequacy requirements. However, if We determine that a gap exists in our network, We may approve treatment with an otherwise Non-Network Provider on a case-by-case basis and limited in scope in accordance with Our Out-of- Network Exceptions policy.

PRIOR AUTHORIZATION

Prior Authorization is the process of reviewing a request for health care services prior to receiving care. Prior Authorization may be required to make sure services are Medically Necessary, and that the Provider is In-Network. Please refer to Your Schedule of Benefits to see which service require Prior Authorization.

Who is responsible for obtaining Prior Authorization?

If You are receiving care from a Network Provider, the Network Provider is responsible for obtaining Prior Authorization before they provide these services to You. If the Provider fails to obtain Prior Authorization and the service is denied, the Provider may not bill You for any balances other than Your Copayment, Deductible or Coinsurance amounts after the Provider receives payment from Us.

If You are receiving care outside of Your Service Area, or care from a Non-Network Provider, You are responsible for making sure that Prior Authorization is obtained. Information regarding services can come from the Non-Network Provider or from You.

Through the Prior Authorization process, You may qualify for specialty programs, which include but are not limited to:

- The provision of informed decision-making materials;
- The provision of information on how to choose higher quality, lower cost centers, or providers; access to special care Success programs; and
- The assignment of a case or disease management professional to assist You in evaluating and understanding health care choices.

Failure to obtain the Prior Authorization prior to receiving care may result in services not being covered, regardless of the circumstances or Medical Necessity.

Standard Prior Authorization Process

The Prior Authorization review process requires the full cooperation of the requesting Physician in order for Us to evaluate all of the pertinent information and make a coverage determination. We must make Our decision within 15 calendar days of receiving the Prior Authorization request and Physician's statement. You can request an expedited exception if you or your Physician believe that your health could be seriously harmed by waiting 15 calendar days for a decision. If your request to expedite is granted, we must give you a decision within 72 hours after We get the supporting statement from your Physician. The timeframe for making a coverage determination may be extended if the Prior Authorization request lacks sufficient information or if there is a situation beyond Our control (for example, severe weather or declaration of a state of emergency).

The results of the coverage determination will be communicated to You and Your Physician by the end of the second business day after receipt of the request. Coverage determinations are made based on the services reported to Us. If the reported services differ from those actually received, Our final coverage determination will be modified to account for those differences and We will only pay Benefits based on the services actually delivered to You.

If the Prior Authorization process is not followed, it could result in the delay or denial of claims payments.

IF YOU DO NOT OBTAIN THE NECESSARY PRIOR AUTHORIZATION PRIOR TO SCHEDULING SERVICES, THOSE SERVICES WILL BE DENIED AS NOT BEING PRIOR-AUTHORIZED.

REQUESTS FOR RETROSPECTIVE PRIOR AUTHORIZATION OF SERVICES MORE THAN 180 DAYS AFTER THE DATE OF SERVICE WILL BE DENIED.

UTILIZATION MANAGEMENT

When We receive a request for Prior Authorization of health care services We may work with You through the utilization management process. We may also refer you to Care Management for information about additional services that are available to You, such as disease management programs, health education, and patient advocacy.

All Utilization Management decisions are made by only qualified licensed professionals trained to assess the clinical information used to support Care Management decisions. Our decision-making is based only on appropriateness of care and service and existence of coverage. There are no financial incentives that encourage decisions that result in underutilization. We do not reward practitioners, referring Physicians, or other utilization management decision makers for issuing denials of coverage.

DECIDE WHAT SERVICES YOU SHOULD RECEIVE

Care decisions are between You and Your health care provider. We do not make decisions about the kind of care You should or should not receive. We make determinations of benefits according to Medical Necessity, the provider's or facility's network status, and whether or not the service(s)

are a Covered Health Service under Your plan.

SHOW YOUR ID CARD

You should show Your identification (ID) card every time You request health services. If You do not show Your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that You may be unable to collect any Benefits otherwise owed to You. The billing address used is based on the plan under which Your coverage is issued; therefore, it is important that You verify that Your provider has the correct billing information on file for Your plan.

MEMBER COST SHARING REQUIREMENTS

Cost-sharing amounts include deductibles, coinsurance, copayments and any other expense required of a Member. Depending on the type of care You receive, and where you receive care, Your cost-sharing amounts will differ.

Refer to the *Schedule of Benefits (Who Pays What)* section of this Policy to determine what Your cost-sharing requirements are.

Annual Deductibles are the amount You must pay towards any Allowed Amounts for Covered Health Services incurred in a calendar year, before We will begin paying for Benefits. Deductible amounts accumulate towards Your Out-of-Pocket Maximum.

Coinsurance is the percentage of any Allowed Amount that You are required to pay for certain Covered Health Services. Coinsurance amounts accumulate towards Your Out-of-Pocket Maximum.

Copayments are the charge stated as a set dollar amount that You are required to pay for certain Covered Health Services. Copayment amounts accumulate towards Your Out-of-Pocket Maximum.

Out-of-Pocket Maximum is the maximum amount of Deductible, Coinsurance, or Copayments You pay every calendar year.

All Deductible, Copayment and Coinsurance payments for In-Network Covered Health Services will apply to the Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum has been met for a Covered Person, the Covered Person will have no further obligation to pay Deductible, Copayment or Coinsurance amounts for Covered Health Services received from a participating Bright Health Provider for the remainder of the Calendar Year.

For policies with two or more people, each person's Individual Out-of-Pocket Maximum applies to the Family Out-of-Pocket Maximum. Once a Covered Person has met his or her Out-of-Pocket Maximum, the Covered Person will have no further obligation to pay charges for In-Network Covered Health Services for the remainder of the Calendar Year. Once two (2) or more people's combined Out-of-Pocket expenses reach the Family Out-of-Pocket Maximum, Covered Persons under the Family policy will have no further obligation to pay charges for In-Network Covered Health Services.

Section 6 - Benefits/Coverage (What is Covered)

BENEFIT DETERMINATIONS

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service You receive. Our decisions are for payment purposes only. We do not make decisions about the kind of care You should or should not receive. You and Your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations, and exclusions set out in this *Policy* which includes the Schedule of Benefits and any Amendments.
- Make factual determinations related to Benefits.

We will make the final decision on claims for benefits under the policy. When making a benefit determination, we will have discretionary authority to interpret the terms and provisions of the policy. This discretionary authority should not be construed to limit the legal action that may be taken by an insured or beneficiary in accordance with the Legal Actions provision of the policy and any applicable state or federal law.

When receiving emergency care from a Non-Network Provider in a Non-Network facility, payment from the Plan will be limited to the Allowable Amount.

We may delegate this discretionary authority to other persons or entities that provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time at Our discretion. In order to receive Benefits, You must cooperate with those service providers.

We will pay Benefits for a stand-alone birthing center or for an inpatient Hospital stay of at least:

- 48 hours for the mother and newborn child following a normal vaginal delivery, not including the day of delivery.
- 96 hours for the mother and newborn child following a cesarean section delivery, not including the day of surgery.

Please Note: If 48 or 96 hours following delivery falls after 8 pm, coverage shall continue until 8 am the following morning.

Coverage is provided for well-baby care in the Hospital or at a stand-alone birthing center, including a newborn pediatric visit and newborn hearing screening.

Statement of Rights under the Newborns' and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours)

Prescription Drugs

We use a Pharmacy Services Vendor to help manage the Prescription Drug benefit. Your cost and coverage of Prescription Drug Products from this benefit is impacted by the following factors:

- Annual Deductibles, Copayments, Coinsurances, Days' Supply Limits, and other Quantity or Supply Limits. Eligibility at the time of service;
- The pharmacy filling Your prescription;
- Tier of the medication on Our Formulary

Identification Card required for Prescription Services

You must show Your ID Card at the time You obtain Your Prescription Medications. The information on Your ID Card helps the pharmacy filling Your prescriptions verify that You are eligible, and determine the coverage and cost of Prescription Medications according to this benefit.

If the pharmacy does not have the necessary information from Your ID Card, it will not be able to provide prescriptions according to Your benefit. If You use a network pharmacy but do not use Your ID Card, You may be asked to pay the pharmacy's requested or Usual and Customary price for the medication. You will need to submit a claim to for us to consider the prescription for reimbursement under Your benefits. You will always be responsible for any deductibles, co-pays, coinsurance, or other benefit limits under this benefit. Only Pharmacies that participate in our Pharmacy Network are able to fill Your prescriptions under this benefit.

Pharmacy Network

You must use a Network Pharmacy to receive Benefits under this Policy. If You do not use a

Network Pharmacy, You have no coverage under this benefit. To find a Network Pharmacy, visit Our website at www.brighthealthcare.com or call the Customer Service number listed on Your ID Card.

Specialty Pharmacy

Specialty Medications are prescribed to treat serious or chronic medical conditions such as but not limited to multiple sclerosis, hemophilia, hepatitis and rheumatoid arthritis. These medications may be oral or injectable. They can be self-administered or administered by a family member.

We have a program for specialty medications through a Specialty Pharmacy Network. If You need specialty medications, You must use one of the providers in the Specialty Pharmacy Network as Your specialty medication pharmacy. You may also be required to have the medication administered in certain settings or facilities. Specialty medication providers are experts in supplying medications and services to patients with complex health conditions. They will give You information about Your condition and the medications that have been prescribed to You. Please call Customer Service at the telephone number on Your ID Card to find out which providers are in the Specialty Pharmacy Network program.

Mail order medications / Network Benefits

You may get many of Your medications through the mail order pharmacy service or from a Participating retail pharmacy. For more information, or to sign up, go to brighthealthcare.com.

Formulary List

Our Pharmacy and Therapeutics committee has created a list of Prescription Drug Products for this Plan, called a Formulary. The Formulary is referenced to determine what You pay at the pharmacy and any additional requirements for covered Prescription Drug Products under the Plan.

Products on the Formulary are covered differently than products not listed on the Formulary. Your cost for prescriptions will vary depending on the Formulary status of each specific medication. In general, medications on the Formulary are intended to cost You less than medications not on the Formulary. The Formulary contains both Brand-Name and Generic medications.

We may periodically change the status of a medication on the Formulary. These changes may occur without prior notice to You. Additionally, the status of a medication may change from brand to Generic. Brand name or Generic product status may impact Your costs and coverage under this benefit.

You may view the Formulary at Our website www.brighthealthcare.com or contact Our Pharmacy Customer Service at the number listed on Your ID Card to request a copy.

Medical versus Pharmacy Benefits

The drug formulary applies to your pharmacy benefits only. Medications covered under pharmacy benefits typically include self-administered drugs that are picked up at a retail pharmacy or delivered to the home. Drugs administered at a physician's office, infusion clinic, or inpatient facility are typically covered under your medical benefit and subject to the applicable cost-share amount.

Quantity Limit or Supply Limits

Your prescriptions may be limited by quantity, management, or Supply Limits which may reduce the quantity of Your prescription to a 30-day supply versus the full quantity written by Your prescriber. Some Prescription Drug Products may be required through a Mail Order Network Pharmacy.

Many prescriptions will be eligible as written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size, or based on other Quantity or Supply Limits.

Specialty Prescription Drug Products will be eligible as written by the provider, up to a consecutive 30-day supply of a Specialty Prescription Drug, unless adjusted based on the drug manufacturer's packaging size or based on other Quantity or Supply Limits. When a Specialty Prescription Drug

Product is packaged or designed in a manner that provides more or less than a consecutive 30-day supply, the Copayment and/or Coinsurance that applies may be adjusted to reflect the number of days dispensed.

For certain medications, the plan limits the amount or dose of the medication that will be covered with each prescription or over a certain time period.

In order to find out which medications have a Quantity Limit restriction, refer to the Formulary at www.brighthousehealthcare.com.

Limitation on Selection of Pharmacies

If we determine that You may be using Prescription Medications in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require You to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the designated single Network Pharmacy. If You don't make a selection within 31 days of the date we notify You, we will select a single Network Pharmacy for You.

Prior Authorization

Some Prescription Drug Products may require Prior Authorization to be covered. In these cases, Your Physician and/or pharmacist will be notified. They are instructed to call the number on Your ID Card, or follow directions provided in a communication. Prior Authorization is used to verify that certain requirements have been met before coverage of a specific type of prescription is dispensed. Without Prior Authorization approval, Your Prescription Drug Product may not be covered. Refer to the Formulary at www.brighthousehealthcare.com to find out which medications require Prior Authorization.

Prior authorization for brand drugs may be approved because less costly equivalent alternatives are not available. If a lower cost equivalent brand, generic, or biosimilar becomes available as a preferred drug, only the preferred drug will be covered.

For certain physician administered medications, covered under your medical benefit, We may require Prior authorization for the medication and also the site where the drug will be provided.

Step Therapy

Step Therapy encourages You to try less costly but just as effective drugs before the Plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the Plan may require you to try Drug A first. If Drug A does not work for you, the Plan will then cover Drug B. The requirement to try a different drug first is called "Step Therapy." Refer to the Formulary at www.brighthousehealthcare.com to find out which medications require Step Therapy.

Pharmacy drug samples shall not be considered trial and failure of a preferred medication in lieu of trying the Step Therapy required medication.

You are not required to undergo Step Therapy or receive Prior Authorization before a pharmacist may prescribe and dispense an HIV infection prevention drug.

If You have stage four advanced metastatic cancer, You are not required to undergo Step Therapy for a covered medication that has been approved by the U.S. Food and Drug Administration, or other recognized body, for the treatment of stage four advanced metastatic cancer.

Exceptions

Exceptions to above may be granted in certain circumstances or for emergency or special situations. Your prescriber or doctor and pharmacy staff will need to provide certain information in order for us to review an exception request. There is a process to appeal decisions, and You will receive that information if You are denied a claim.

If the plan does not cover Your medication or has restrictions or limits on Your medication that You don't think will work for You, You can do one of the following:

- You can ask Your health care provider if there is another covered medication that will work for You.

- Your health care provider can ask the plan to make an “exception” to cover a medication or to remove the medication restrictions or limits.

Examples of exceptions are:

- Medication that is normally covered has caused a harmful reaction to You;
- There is a reason to believe the medication that is normally covered would cause a harmful reaction; or
- Medication prescribed by Your qualified health care provider is more effective for You than the medication that is normally covered.

Exceptions for brand drugs may be approved because less costly equivalent alternatives are not available. If a lower cost equivalent brand, generic, or biosimilar becomes available as a preferred drug, only the preferred drug will be covered.

Drugs determined by our Pharmacy & Therapeutics Committee to be deficient are excluded from the Formulary exceptions process.

New drugs to market that have not been reviewed by our Pharmacy and Therapeutics Committee are excluded from the formulary exceptions process, and coverage, until reviewed for safety, efficacy, and uniqueness by our Pharmacy and Therapeutics Committee.

The medication must be in a class of medications that is covered. For additional information about the prescription drug exceptions processes for drugs not included on Your plan’s Formulary, call the Pharmacy Customer Services number on Your ID Card.

Standard and expedited exception requests will be reviewed in accordance with state specific timeframes. Expedited exception requests are appropriate for exigent circumstances, which means the person for whom the request is being made is suffering from a health condition that may seriously jeopardize their life, health, ability to regain maximum function, or the person is undergoing a current course of treatment using a non-formulary drug.

If we grant an approval of an exception request, we will provide coverage until the authorization expires.

For additional information about the prescription drug exceptions processes for drugs not included on Your Plan’s Formulary, please contact the Pharmacy Customer Services number on Your ID Card.

Orally administered anticancer medication shall be deemed Medically Necessary by the treating Physician for the purpose of killing or slowing the growth of cancerous cells in a manner that is in accordance with nationally accepted standards of medical practice, clinically appropriate in terms of type, frequency, extent site, and duration and not primarily for the convenience of the Covered Person, Physician, or other health care provider.

The use of orally administered anticancer medications is not a replacement for other cancer medications.

Prescription Eye Drop Refills

Prescription eye drop refill renewals are allowed for a Covered Person if the refill is requested once 70% of the initial days' supply submitted by the pharmacy has been used. For example, after the first twenty-one days for a thirty-day supply of eye drops, forty-two days for a sixty-day supply of eye drops, or sixty-three days for a ninety-day supply of eye drops the last date that the prescription was filled. Section 10 - General Policy Provisions

YOUR RELATIONSHIP WITH US

In order to make choices about Your health care coverage and treatment, We believe that it is important for You to understand how We interact with your providers.

- We do not decide what care You need or will receive. You and Your Physician make those decisions.
- We communicate to You decisions about whether this plan will cover or pay for the health care that You may receive. The plan pays for Covered Health Services, which are more fully described in this *Policy*.
- The plan may not pay for all treatments You or Your Physician may believe are necessary. If the plan does not pay, You will be responsible for the cost.

OUR RELATIONSHIP WITH PROVIDERS

The relationships between Us and Network Providers are solely contractual relationships. Network Providers are not Our agents or employees. Neither We nor any of Our employees are agents or employees of Network Providers. We do not provide health care services or supplies, nor do We practice medicine. Instead, We arrange for health care providers to participate in a Network and We pay Benefits. Network Providers are independent practitioners who run their own offices and facilities. We are not liable for any act or omission of any provider.

YOUR RELATIONSHIP WITH PROVIDERS

The relationship between You and any provider, is that of provider and patient.

- You are responsible for choosing Your own provider.
- You are responsible for paying, directly to Your provider, any amount identified as Your responsibility, including Copayments, Coinsurance, any Annual Deductible, and any amount that exceeds the Allowed Amount.
- You are responsible for paying, directly to Your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating You is right for You. This includes Network Providers You choose and providers to whom You have been referred.
- You must decide with Your provider what care You should receive.
- Your provider is solely responsible for the quality of the services provided to You.

INCENTIVES TO PROVIDERS

We pay Network Providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of quality health care in a cost efficient and effective manner. These financial incentives are not intended to affect Your access to health care. An example of financial incentives for Network Providers is bonuses for performance based on factors that may include quality, Your satisfaction, and/or cost-effectiveness.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If You have questions about whether Your Network Provider's contract with Us includes any financial incentives, We encourage You to discuss those questions with Your provider.

INCENTIVES TO YOU

We may offer You incentives to encourage You to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is Yours alone but We recommend that You discuss participating in such programs with Your Physician. Contact Us if You have any questions.

REBATES AND OTHER PAYMENTS

We may receive rebates for certain drugs that are administered to You in Your home or in a Physician's office, or at a Hospital, or Alternate Facility. This includes rebates for those drugs administered to You before You meet any applicable Annual Deductible. We do not pass these

rebates on to You, nor are they applied to any Annual Deductible or taken into account in determining Your Copayments or Coinsurance.

INSPECTION OF POLICY

If for any reason you are not satisfied with the plan, you may return it to us with your identification card within 10 days following your effective date. We will refund any fees you have paid and obtain refunds for any benefits that we have paid to you or your provider.

INTERPRETATION OF BENEFITS

We have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under this Policy.
- Interpret the other terms, conditions, limitations, and exclusions, including this *Policy* which includes the *Schedule of Benefits* and any *Amendments*.
- Make factual determinations related to this Policy and its Benefits.

We will make the final decision on claims for benefits under the policy. When making a benefit determination, we will have discretionary authority to interpret the terms and provisions of the policy. This discretionary authority should not be construed to limit the legal action that may be taken by an insured or beneficiary in accordance with the Legal Actions provision of the policy and any applicable state or federal law.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of this Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, We may, in Our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that We do so in any particular case shall not in any way be deemed to require Us to do so in other cases, similar or not.

EVALUATION OF NEW TECHNOLOGY

Coverage for new technology that is experimental, investigational or not deemed Medically Necessary is excluded from coverage.

We will evaluate the utilization of new technology as related to medical and behavioral health procedures, pharmaceuticals and devices.

Information from published peer-reviewed Scientific Evidence, governmental regulatory bodies and Specialists and professionals who have relevant expertise with the new technology is reviewed against technology or intervention assessment criteria, which must be met to merit consideration as a covered benefit.

ADMINISTRATIVE SERVICES

We may, in Our sole discretion, arrange for various persons or entities to provide administrative services in regard to this Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time at Our sole discretion. We are not required to give You prior notice of any such change, nor are We required to obtain Your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

INFORMATION AND RECORDS

By accepting Benefits under this Policy, You authorize and direct any person or institution that has provided services to You to furnish Us with all information or copies of records relating to the services provided to You. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We may use Your individually identifiable health information to administer this Policy and pay claims, to identify procedures, products, or services that You may find valuable, and as otherwise permitted or required by law. We may request additional information from You to decide Your claim for Benefits. We will keep this information confidential. We may also use Your de-identified data for commercial purposes, including research, as permitted by law. More detail about how We may use or disclose Your information is found in Our *Notice of Privacy Practices*.

We have the right to release any and all records concerning health care services, which are necessary to implement or administer the terms of this Policy, for appropriate medical review or quality assessment, or as We are required to do by law or regulation. During and after the term of this Policy, We and Our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to Our Notice of Privacy Practices.

For complete copies of Your medical records or billing statements We recommend that You contact Your health care provider. Providers may charge You reasonable fees to cover their costs for providing records or completing requested forms.

If You request medical forms or records from Us, We also may charge You reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, We will designate other persons or entities to request records or information from or related to You, and to release those records as necessary. Our designees have the same rights to this information as We have.

CHANGE OF BENEFICIARY

The right to change a Beneficiary is reserved to the Subscriber and the consent of the Beneficiary, or beneficiaries, shall not be requisite to surrender or assignment of this policy or to any change of Beneficiary, or beneficiaries, or to any other changes in this policy.

EXTENSION OF BENEFITS

If You are hospitalized on the end date of your Policy with Us and Your Policy is not being terminated for non-payment, benefits will be extended beyond your termination date until You are discharged from the hospital. We will pay for Covered Health Services received during that hospitalization if premiums were paid through Your termination date.

EXAMINATION AND AUTOPSY

We have the right at Our expense, to request an examination of Covered Persons by a Provider of Our choice. Upon the death of a Covered Person, We may request an autopsy, unless prohibited by law. The autopsy must be performed in South Carolina.

INTEGRATION OF MEDICARE BENEFITS

If You are eligible for Medicare, Your Medicare eligibility will not affect the Covered Services covered under this Policy, except as follows:

- Your Medicare coverage will be applied first (primary) to any services covered by both Medicare and this Policy.
- If You receive a service that would be covered both by Medicare and this Policy, we will allow no more than the amount allowed by Medicare for the same Covered Health Service when calculating benefits payable under the terms of this Policy. All benefits payable under this Policy are subject the applicable deductible, copayment and/or coinsurance for the Covered Health Service as outlined in the Schedule of Benefits.
- If You or a Dependent are entitled to Medicare or if a Member of this Policy becomes eligible for Medicare by reason of age, disability, End Stage Renal Disease or any other eligibility category, We will consider what Medicare would pay to the extent permitted by law. This means that We will determine coverage and payment available to the Member after identifying the amounts that Medicare would pay.

- If You or a Dependent are eligible for Medicare, We will estimate the amount Medicare would have paid and reduce benefits by this amount for any Member who is eligible to enroll in Medicare but is not enrolled.

COORDINATION OF BENEFITS (COB)

When Does Coordination of Benefits Apply?

This Coordination of Benefits (COB) provision applies when a Covered Person has health care coverage under more than one Plan, as described below.

Definitions

For purposes of this section, see the defined terms below:

Closed Panel Plan - a Plan that provides health care benefits to Covered Persons primarily in the form of services through a Provider Network that is contracted with or employed by the Plan, and that excludes benefits for services provided by Non-Network Providers, except in cases of emergency or Prior Authorization by the Plan.

Custodial Parent - the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Plan - any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

- Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
- Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Primary Plan - the Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its Policy terms without consideration that another Plan may cover some expenses.

Secondary Plan- the Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Amount.

Order of Benefit Determination Rules

The order of benefit determination rules decides which Plan is Primary or Secondary when the Covered Person has health care coverage under more than one Plan.

When this Plan is primary, it determines payment for its benefits first. When this Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Amount.

Determining the Order of Benefit Payments

When a Covered Person is enrolled in two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without consideration to benefits under any other Plan.

- B. Except as provided in the next paragraph, a Plan that does not contain a COB provision that is consistent with this provision may be deemed primary unless the provisions of both Plans state that the complying plan is primary. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a Dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan. The Plan that covers the person as a Dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a Dependent; and primary to the Plan covering the person as other than a Dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 2. **Dependent Child Covered Under More Than One Coverage Plan.**
Unless there is a court decree stating otherwise, plans covering a Dependent child shall determine the order of benefits as follows:
 - a) For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a Dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the Dependent child's health care expenses, but that parent's spouse, Domestic Partner or legal partner does, that parent's spouse's, Domestic Partner's or legal partner's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has

responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

- (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - a) The Plan covering the Custodial Parent.
 - b) The Plan covering the Custodial Parent's spouse, domestic partner or legal partner.
 - c) The Plan covering the non-Custodial Parent.
 - d) The Plan covering the non-Custodial Parent's spouse, domestic partner or legal partner.
- c) For a Dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
- d) (i) For a Dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a Dependent under a spouse's plan, the rule in paragraph a) applies.
(ii) In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the Dependent child's parent(s) and the Dependent's spouse.

Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee (an employee who is neither laid off nor retired) is the Primary Plan. The same rule applies if a person is a Dependent of an active employee and that same person is a Dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

COBRA or State Continuation Coverage. If a person whose coverage is provided by COBRA or another right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a Dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

Longer or Shorter Length of Coverage. The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

WORKERS' COMPENSATION

Benefits provided under this Policy do not substitute for and do not affect any requirements for coverage by Workers' Compensation insurance. We will not pay for services and supplies related to an Illness or Injury resulting from Your course of employment. Such Illnesses or Injuries are generally covered under such laws as:

- Occupational disease laws;
- Employer's liability policies;

- Municipal, state or federal law;
- The Workers' Compensation Act.

You must pursue Your rights under the Workers' Compensation Act or any other laws that may apply to Your situation. This includes filing an appeal with the South Carolina Department of Labor, if necessary.

Your failure to (a) file a claim within the filing period allowed by the applicable law; (b) obtain authorization for care, as may be required by Your employer's workers' compensation insurance; or (c) comply with any other provisions of the above laws, will not qualify You to receive coverage for work-related Injury or Illness from Us.

Your employer's failure to carry the workers' compensation insurance will not qualify You to receive coverage for a work-related Injury or Illness from Us.

There are a limited number of exceptions under which We may pay for services and supplies needed because of work-related Injury or Illness:

- If You have an appeal pending in front of the South Carolina Department of Labor. We may pay claims for certain services if You sign an agreement to repay The Plan for 100 percent of services paid by Us when the appeal is decided in Your favor.
- If You qualify under South Carolina law to reject workers' compensation coverage as an owner and officer of Your business. We reserve the right to request documentation to substantiate Your lawful rejection of coverage.

SUBROGATION AND REIMBURSEMENT

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand, or right. Subrogation usually means bringing suit against a person or entity that has injured You. If You choose not to file a claim against the person or entity that has injured You, We will be subrogated to and will succeed to Your right of recovery under any legal theory of any type for the reasonable value of any services and Benefits We provided to You, from any and all of the following.

If You file a claim against the person or entity that has injured You, You are obligated to reimburse Us for the reasonable value of Our services to You once You have been fully compensated for the costs You incur related to Your Injury from any or all of the following listed below.

- Third parties, including any person alleged to have caused You to suffer injuries or expenses.
- Any person or entity who is or may be obligated to provide Benefits or payments to You, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers, or third party administrators.
- Any person or entity that is liable for payment to You on any equitable or legal liability theory.
- These third parties and persons or entities are collectively referred to as "Third Parties."

You agree as follows:

- That You will cooperate with Us in protecting Our right to reimbursement, including, but not limited to:
 - providing any relevant information requested by Us,
 - signing and/or delivering such documents as We or Our agents reasonably request to secure the reimbursement claim,
 - responding to requests for information about any accident or injuries, and making court appearances, and
 - obtaining Our consent or Our agent's consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the instigation of legal action against You.
- That We have the sole authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That Benefits paid by Us may also be considered to be Benefits advanced.

- That You will seek Our approval of any settlement that does not fully compensate or reimburse You and Us and You will not do anything to prejudice Our rights under this provision.
- That, if You do not file a claim, You will assign to Us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits We provided, plus reasonable costs of collection.
- That We may, if You do not file a claim, take necessary and appropriate action to preserve Our rights under these subrogation provisions, including filing suit in Your name, which does not obligate Us in any way to pay You part of any recovery We might obtain.
- That We will not be obligated in any way to pursue this right independently or on Your behalf.
- That in the case of Your wrongful death, the provisions of this section will apply to Your estate, the personal representative of Your estate, and Your heirs.
- That the provisions of this section apply to the parents, guardian, or other representative of a Child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a Child's Injury, the terms of this reimbursement clause shall apply to that claim.

In enrolling a person or in making any payments for benefits to a person or on behalf of a person, We may not take into account that the person is eligible for or is provided medical assistance under a State Plan for Medical Assistance.

In a case where We have a legal liability to make payments for medical assistance to or on behalf of a person, to the extent that payment has been made under a State Plan for Medical Assistance pursuant to Title XIX of the Social Security Act for health care items or services furnished to the person, the State is considered to have acquired the rights of the person to the payment for the health care items or services.

REFUND OF OVERPAYMENTS

If We overpay Benefits for expenses incurred on account of a Covered Person, the person or entity that was paid must refund to Us:

- All or some of the payment We made that exceeded the Benefits under this Policy.
- All or some of the payment that was made in error.

The refund equals the amount We paid in excess of the amount that We should have paid under this Policy. If the refund is due from another person or organization, the Covered Person agrees to help Us get the refund when requested.

UNPAID PREMIUMS

If there is any premium due and unpaid at the time We pay a claim under this policy, We may deduct the amount due from Our payment of the claim.

LIMITATION OF LEGAL ACTION

No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of six years after the time written proof of loss is required to be furnished. By enrolling in this health benefit plan, you have agreed to the use of binding arbitration in lieu of having any such dispute decided in a court of law before a jury.

CONFORMITY WITH STATE STATUTES

Any provision of this Policy that, on its Effective Date, is in conflict with the laws of the state in which the insured resides on that date is amended to conform to the minimum requirements of such laws. Any and all provisions of this agreement remain in full force and effect.

FRAUDULENT INSURANCE ACTS NOTICE

It is unlawful to knowingly provide false, incomplete, or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to a policyholder or claimant for the purpose of defrauding or attempting to defraud

the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the South Carolina Department of Insurance.

Insurance fraud results in cost increases for health care coverage. You can help decrease these costs by:

- Being wary of offers to waive Deductible and/or Coinsurance. This practice is usually illegal.
- Being wary of mobile health testing labs. Ask what the insurance company will be charged for the tests.
- Always reviewing Your Explanation of Benefits.
- Being very cautious about giving Your health insurance coverage information over the phone.

If fraud is suspected, contact Us at the *Customer Service* number listed in Section 2 of this Policy and on Your ID card.

We reserve the right to recoup any benefit payments paid on Your behalf, and/or to rescind the coverage under this Policy retroactively as if it never existed if You have committed fraud or intentional misrepresentation of material fact in applying for coverage in or receiving or filing for Benefits.

ENTIRE CONTRACT

This Policy includes Your:

- Schedule of Benefits
- Enrollment application
- Any Attachments or Riders

The documents above make up the entire contract between Bright Health and the Subscriber.

As of the effective date of the Contract, this Policy supersedes all other agreements between the Subscriber and Bright Health. Changes to the Policy must be given to You in writing. Changes to the Policy must be signed by the executive officer of Bright Health and approval must be endorsed on or attached to this Policy. No agent has authority to change this policy or to waive any of its provisions.

TIME LIMIT ON CERTAIN DEFENSES

After two years from the effective date of this Policy, in the absence of fraud, no misstatements made by the Subscriber in the enrollment application may be used by Us to cancel this Policy or to deny a claim for Benefits for Covered Health Services received after the expiration of such two-year period. This provision does not apply to a misstatement about age or occupation or other insurance.

After this Policy has been in force for a period of two (2) years, We may not contest any statements contained in the Application.

GRACE PERIOD

A Grace Period of 3 months for individuals receiving federal insurance subsidies will be allowed for the payment of all outstanding premiums. If the full balance of outstanding premium is not paid within Your grace period, coverage will end on the last day of the first calendar month of the grace period.

For non-subsidized Members, a 31-day grace period will be allowed for the payment of all outstanding premiums. If the full balance of outstanding premium is not paid within Your grace period, coverage will end on the last day for which You have paid Your premium.

We will provide You notice of Your nonpayment before cancelling Your Policy. We will not pay for any services received on or after the date Your coverage ends.

REINSTATEMENT OF COVERAGE

If any premium is not paid within the time granted to You for payment, a subsequent acceptance of premium by Us, without requiring an application for reinstatement, shall reinstate the Policy. This is provided, however, that if We require an application for reinstatement and issue a conditional receipt for the premium paid, the Policy will be reinstated upon approval of application by Us or, lacking such approval, upon the forty-fifth day following the date of the conditional receipt unless We have previously notified You in writing of Our disapproval of Your application. The reinstated Policy shall cover only loss resulting from Accidental Injuries sustained after the date of reinstatement and loss due to Illnesses. In all other respects You and Us shall have the same rights as existed under the Policy immediately before the due date of the defaulted premium, subject to any endorsements attached to the reinstated Policy. Any premiums accepted in connection with a reinstatement will be applied to a period for which You have not previously paid premium, but not to exceed sixty days prior to the date of reinstatement.

NON-DISCRIMINATION NOTICE

Your receipt of a federal Premium subsidy, taking any action to enforce Your rights under applicable law, Health Status-Related Factors, race, color, national origin, present or predicted disability, sex, gender identity sexual orientation, expected length of life, degree of medical dependency or quality of life will not affect Your eligibility or premiums for this coverage.

Premiums may not be increased, coverage cannot be denied and incentives may not be reduced or withheld based on the lawful ownership, possession, use or storage of a firearm or ammunition.

NOTICES

All notices are considered sent to and received by You when deposited in the United States mail with postage prepaid and addressed to the address on file with Us.

OTHER INFORMATION YOU SHOULD HAVE

We have the right to change, interpret, modify, withdraw, add Benefits, or terminate this Policy, without Your approval, as permitted by law. We must notify You of material changes to this Policy at least 60 days in advance of the change.

On its effective date this *Policy* replaces and overrules any *Policy* that We may have previously issued to You. Any *Policy* We issue to You in the future will in turn overrule this *Policy*. This Policy will take effect on the date specified in this Policy. Coverage under this Policy will begin at 12:01 a.m. and end at 12:00 midnight Mountain Standard Time. This Policy will remain in effect as long as premiums are paid when they are due, subject to termination of this Policy.

We are delivering this Policy in the State of South Carolina. To the extent that state law applies, the laws of the State of South Carolina are the laws that govern this Policy.

Section 11 - Termination/Nonrenewal/Continuation

GENERAL INFORMATION ABOUT WHEN COVERAGE ENDS

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained below, as permitted by law.

We will provide You with a thirty-one (31) day advanced written notice prior to the termination of Your coverage, except if such termination is the result of fraud or intentional misrepresentation of material fact.

- You are actively enrolled under more than one of Our individual or child-only plans. Coverage under the first plan will end as of the effective date of any subsequent Bright HealthCare non-group plan.
- You no longer reside in the service area or in an area where We are authorized to do business, but only if the coverage is terminated under this item uniformly without regard to any Health Status Related Factor of Covered Persons.
- We decide not to renew all of Our individual or child-only plans in the State of South Carolina. In this case, We will provide notice of the decision not to renew the plans to all affected individuals and to the State Insurance Commissioner. We will provide notice at least 180 days before Our non-renewal of the plans.
- We decide to discontinue a particular Plan. In this case we will provide ninety (90) days advance written notice to the Subscriber prior to termination of coverage and will offer each Covered Person the option to purchase any other Policy being offered by Us in the service area without regard to any Health Status Related Factor of Covered Persons or persons who may become eligible for coverage.
- When the State Insurance Commissioner finds that the continuation of Your plan would not be in Your best interest or Your plan is obsolete or Your plan would impair Our ability to meet Our contractual obligations. In this case, We will provide notice of discontinuance at least 90 days prior to the date of discontinuance. We will provide You with the opportunity to purchase any other non-group plan offered by Us.
- We stop operations. We must pay for services for the rest of the time that premiums have already been paid.
- When enrollment was erroneous or inappropriate. If enrollment occurred in error or inappropriately, We reserve the right to rescind the policy.
- We receive a written notice from You instructing Us to cancel Your or Your Dependent's coverage. If any premium has been paid for the time period following the requested date of termination and no claims have been submitted to Us for dates of service after the requested date of termination, we will refund or credit that premium within 30 days of the request for termination. In the case of retroactive terminations, we will not refund or credit any premium when claims have been submitted to Us for dates of service after the requested date of termination.
- For Individual Policies (not Child-Only): An Enrolled Dependent Child reaches age 26. If the Dependent child is incapable of self-sustaining employment by reason of intellectual or physical disability and is chiefly dependent upon the policyholder for support and maintenance, the Dependent can remain as a Dependent Child under the Policy. APPEAL OF AN ADVERSE DETERMINATION

If You disagree with an Adverse Determination and wish to appeal, You may request a review of the Adverse Determination. We have an internal review process. Once You have gone through the internal appeals process, if further review is necessary, You may request an independent external review.

INTERNAL REVIEW PROCESS

To begin the internal review process, You must send a written request to Us at the address listed on Your ID card

Or, by faxing the request to: 1-888-965-1815

Your request for an appeal must include:

- A description of the Adverse Determination;
- The reason You disagree with the Adverse Determination; and
- Any documentation (including medical records) or other written information to support Your position.

- If Your appeal is related to a claim, the request for the appeal must include the following information:
 - The patient's name and the identification number from the ID card;

No Physician, dentist, or peer who was involved in the initial Adverse Determination will be involved in the first-level appeal review, but may be called upon to answer questions regarding the initial Adverse Determination.

The reviewer will consider all comments, documents, records, and other information You submit, without regard to whether the information was submitted or considered in making the initial Adverse Determination.

If the appeal is about the applicability of a contractual exclusion, the review determination will be made based on whether the contractual exclusion applies to the denied benefit.

Notice of Appeal Determination

Within thirty (30) calendar days of receipt of all necessary information, We will provide You with a written notice of our determination along with a detailed explanation of the basis for that determination.

EXPEDITED APPEALS**Expedited Appeal Review Process**

If a delay in treatment could significantly increase the risk to Your health, cause severe pain, or affect Your ability to regain maximum function, Your appeal may require immediate action. In these situations, You, Your Physician, or Your designated representative may request an expedited appeal.

An expedited appeal request does not need to be submitted in writing. An expedited review may be requested by calling us directly at 1-855-827-4448.

We will consider all comments, documents, records, and other information provided without regard to whether the information was submitted or considered in making the initial Adverse Determination. If additional information is necessary to complete an expedited review, We will notify the individual who requested the review within 24 hours of Our receipt of the expedited appeal request.

Notice of Expedited Appeal Determination

We will make a decision and notify You, Your Physician, and/or Your designated representative as expeditiously as possible. Our initial notification will be by telephone, fax, or electronic means.

In no case will our initial notification be provided more than 2 business days after Our receipt of the expedited appeal request or the information necessary to make a determination.

Following our initial notification, a formal letter will be issued within three (3) business days.

If the expedited review is concurrent with the receipt of Health Care Services, those services shall continue without liability to You until We provide You, Your Physician, or Your designated representative with our initial appeal determination.

Exhaustion of Internal Appeals Process

Except in cases where Your treating physician has certified in writing that You have a serious medical condition, or where the denial of coverage is based on a determination that the health care service or treatment recommended or requested is experimental or investigational and Your treating physician has provided the certifications required pursuant to Section 38 71 1980, a request for a standard or expedited external review maybe made while simultaneously pursuing an expedited internal appeal.

The internal appeal process will be considered exhausted if the insurer fails to adhere to the

requirements of 45 CFR 147.136(b)(2) with respect to the related claim or internal appeal or the issuer waives the internal appeal process.

A request for an external review of an adverse determination may be made before You have exhausted Our internal appeal process whenever We agree to waive the exhaustion requirement.

If the requirement to exhaust Our internal appeal process is waived as stated above, You or Your authorized representative may file a request in writing for an external review.

Medically Necessary/Medical Necessity – health care services or supplies needed to diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

We use these terms to help us determine whether a particular service or supply will be covered. When possible, We develop written criteria (called clinical review criteria) that We use to determine Medical Necessity. We base these criteria on peer-reviewed literature, recognized standards of medical practice, and technology assessments. We put clinical criteria in policies that We make available to the medical community and our members. We do this so that You and Your providers will know in advance, when possible, what We will pay for. If a service or supply is not Medically Necessary according to Our published clinical criteria, We will not pay for it. If a service or supply is not addressed by Our clinical criteria, We will consider it to be Medically Necessary only if we determine that it is:

- Appropriate and necessary for the symptoms, diagnosis, or treatment of Your medical condition;
- Provided for the diagnosis or direct care and treatment of Your medical condition;

- In accordance with standards of good medical practice accepted by the organized medical community;
- Not primarily for the convenience and/or comfort of You, Your family, Your physician, or another provider of services;
- Not "investigational"; and
- Performed in the least costly setting, method, or manner, or with the least costly supplies, required by your medical condition. A "setting" may be Your home, a physician's office, an ambulatory surgical facility, a hospital's outpatient department, a hospital when you are an inpatient, or another type of facility providing a lesser level of care. Only Your medical condition is considered in deciding which setting is Medically Necessary. Your financial or family situation, the distance you live from a hospital or other facility, or any other non-medical factor is not considered. As Your medical condition changes, the setting You need may also change. Ask Your physician if any of Your services can be performed on an outpatient basis or in a less costly setting.

It is important for You to remember that when We make medical necessity determinations, We are making them solely for the purpose of determining whether to pay for a medical service or supply. All decisions concerning Your treatment must be made solely by Your attending physician and other medical providers.
