## Section 4 – Eligibility

We offer two types of Individual Policies:

1. Individual Policies: these policies include coverage for at least one adult age 19 or older and coverage for Eligible Dependents.
2. Individual Child-Only Policies: these policies include coverage for Children under age 21, without a parent or legal guardian enrolling in the plan.

Except as stated above, criteria for eligibility are the same for both types of plans. When an Eligible Individual is enrolled, We refer to that person as a Covered Person, You, or Your.

### Who is Eligible for Coverage

#### Eligible Subscribers

To be eligible to enroll as a Subscriber under this plan, You must:

- Live in the Service Area. If You or an Enrolled Dependent live outside of the Service Area and incur health care services, You may be subject to higher out-of-pocket expenses.
- Not be enrolled in Medicare Parts A, B, and/or D on Your effective date of coverage with Us. It is unlawful for Us to knowingly issue an individual market Policy to You if You are enrolled in Medicare on Your effective date. If We have knowledge of Your enrollment in Medicare, We will not issue a Policy to You.

#### Eligible Dependents

The following persons may be eligible to enroll as Dependents under this plan:

- Your Spouse, except in the case of a Child-Only Policy, who lives in the Service Area and meets the criteria of Spouse as stated in the *Definitions* section of this Policy.
- Your Child(ren) as defined in the *Definitions* section of this Policy.

When a Dependent is enrolled, We refer to that person as an Enrolled Dependent or Enrolled Child, as appropriate.

For a complete definition of Dependent, Child(ren), and Enrolled Dependent, see the *Definitions* section of this Policy.

### When Coverage Begins

If You are a new enrollee with Bright HealthCare and have paid Your first month's Premium, Your coverage will begin on the date listed as the Effective Date on Your ID card. No health services received prior to the Effective Date are covered.

Policies for new enrollees begin on the first of the month only.

If You are a new or renewing enrollee with Bright HealthCare and had coverage with Us in the past 12 months, Your Premiums from the last 12 months must be paid in full before Your Policy will renew. If You have an outstanding Premium balance, payment made for Your new or renewing Policy will be applied to Your outstanding Premium amount owed to Us before being applied to Your new or renewing Policy. Premiums for the prior 12 months must be current, and the first month's Premium for Your new or renewing Policy must be paid before Your Policy becomes effective.

### Open Enrollment Period

The open enrollment period is November 1st through December 15th. During this time, You can make changes to Your coverage.

### Special Enrollment Period

Individuals who experience certain Qualifying Life Events can enroll in or change enrollment within 60 days of the Qualifying Life Event. For certain triggering events, such as loss of minimum essential coverage or becoming newly eligible or ineligible for federal subsidy programs, an

individual has 60 days before and after the event to select a plan. The effective date of coverage depends on the qualifying events.

### **Enrolling Eligible Dependents**

Dependents who have a Qualifying Life Event as defined by state and federal law may be enrolled during a special enrollment period as described below. A special enrollment period is a period of time when enrollment is allowed before or after a person becomes eligible for coverage.

Dependents who are notified or become aware of the Qualifying Life Event may enroll during the 60 calendar days before or after the effective date of the Qualifying Life Event. Coverage will begin no earlier than the day the Qualifying Life Event occurs.

Qualifying Life Events include:

- An individual involuntarily loses existing creditable coverage for any reason other than fraud, misrepresentation, or failure to pay a Premium.
- An individual gains a Dependent or becomes a Dependent through marriage, civil union, birth, adoption, or placement for adoption, placement for foster care, or by entering into a Designated Beneficiary Agreement.
- A court orders that You cover a current Spouse or minor Child with Your Policy.
- At the option of the Exchange, the enrollee loses a Dependent or is no longer considered a Dependent through divorce or legal separation as defined by state law where the divorce or legal separation occurs, or if the Enrollee, or his or her Dependent, dies.
- An individual's enrollment or non-enrollment in a health Benefit plan is unintentional, inadvertent, or erroneous and is the result of an error, misrepresentation, or inaction of the carrier, producer, or Exchange.
- An individual adequately demonstrates to the commissioner that the health Benefit plan in which the individual is enrolled has substantially violated a material provision of its contract in relation to the individual.
- The Exchange determines an individual to be newly eligible or newly ineligible for the federal advance payment tax credit or cost-sharing reductions available through the Exchange pursuant to federal law.
- An individual gains access to other creditable coverage as a result of a permanent change of residence, or
- A parent or legal guardian dis-enrolling a Dependent, or a Dependent becoming ineligible for the Children's Basic Health plan.
- An individual becoming ineligible under TennCare.
- An individual, who was not previously a citizen, a national, or a lawfully present individual, gains such status.
- An Indian, as defined by section 4 of the *Indian Health Care Improvement Act*, may enroll in a qualified health plan or change from one qualified health plan to another one time per month.
- An individual demonstrates to the Exchange, in accordance with guidelines issued by the U.S. Department of Health and Human Services, that the individual meets other exceptional circumstances as the Exchange may provide.
- Any other event or circumstance occurs as set forth in rules from the Insurance Division of the Tennessee Department of Commerce and Insurance that defines triggering events.

If You become know that a Qualifying Life Event is going to occur, You may apply for coverage during the 60 calendar days prior to the effective date of the qualifying event.

If the Dependent had coverage with Us in the past 12 months, and has an outstanding Premium amount, payment made for the special enrollment period will be applied to the outstanding Premium amount. Premiums for the prior coverage must be current, and the first month's Premium for the special enrollment period must be paid before the Dependent's Policy becomes effective.

### **Enrollment of Newly Eligible Dependent**

A Subscriber must submit an Enrollment Application requesting coverage for Dependents who become eligible after the original Policy effective date. The Subscriber will be notified of coverage

approval, the amount of required Premium payment, and the effective date of coverage for the Dependent.

A Dependent newborn Child of the Subscriber is automatically covered for the first 31 days of life. If You wish to continue enrollment of the newborn beyond the 31st day, You must enroll the newborn within 31 days of the date of birth. If the addition of the newborn Child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full Premium responsibility for the newborn within 31 days of the date of birth.

For newly adopted Children (including Children newly placed for adoption), the effective date of coverage is the date of the adoption or placement for adoption. An eligible adopted Child must be enrolled within 31 days from the date the Child is placed in Your custody or the date of the final decree of adoption. If the addition of the newly adopted Child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full Premium responsibility for the adopted Child within 31 days of the adoption or placement for adoption. The monthly Premium for the newly adopted Child is the entire month's Premium. Adopted Child Premiums are not pro-rated.

If enrolled within 60 days of becoming eligible, the Dependent's effective date will be the first day of the month following the date We receive the enrollment application. If We require any Premium and/or written documentation to support the effective date of the qualifying event, it must be submitted with the application. Proof of the qualifying event may be a copy of the marriage certificate, or a Qualified Medical Support Order, or other documentation. The documentation must be attached to the completed application.

If a Dependent is not enrolled when they first become eligible, they must wait until the next open enrollment period to enroll unless they enroll under a special enrollment period, as described above.

### **Change in Status – Notice Required**

The Subscriber is responsible for notifying Us or the Exchange of any changes that affect eligibility for services under this Policy. Changes may be on the Subscriber's or Enrolled Dependent's eligibility. The Subscriber must notify Us or the Exchange within 60 days of the event. This includes changes of address, addition, or deletion of Dependents achieving the limiting age, and changes in Dependent disability or Dependent status. Coverage for ineligible members will terminate in accordance with the termination provisions described in this Policy.

### **If You Are Hospitalized When Your Coverage Begins**

If You are staying in a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility on the day Your coverage begins and You were insured through an insurance carrier other than Us on the date You were admitted, Your prior insurance carrier is responsible for payment of Covered Health Services for the Inpatient Stay through the date You are released. We will pay for related Covered Health Services, in accordance with the terms of the Policy, after You have left the Hospital. We will work with You to ensure a seamless transition of previously approved therapies or prescription medications.

You should notify Us of Your Hospital stay within 24 hours of the day Your coverage begins, or as soon as it is reasonably possible. Network Coverage is available only if You receive Covered Health Services from Network Providers.

## Section 5 – How to Access Services and Obtain Approval of Benefits

Benefits under this plan are limited to the Covered Health Services included in the *Benefits/Coverages (What is Covered)* section of this document. Benefits are paid as stated in the Schedule of Benefits. Our provider network complies with required network adequacy standards.

This plan allows You to:

- Choose from Our network of Participating Providers and Hospitals for Your health care needs.

- Have direct access to eye care providers, mental health care providers, pediatricians, obstetrical or gynecological health care professionals. You do not need Prior Authorization from the plan or from any other person (including a primary care provider) in order to obtain access to mental health, obstetrical, or gynecological care from a health care professional in Our network who specializes in those types of services. The health care professional, however, may be required to comply with certain provisions related to 1) obtaining Prior Authorization, 2) following a pre-approved treatment plan, and 3) following procedures for making referrals to other Participating Providers. For a list of participating health care professionals who specialize in eye care, mental health, and obstetrics or gynecology, visit Our website at [BrightHealthCare.com](http://BrightHealthCare.com) or call customer service at the number listed in the Contact Us section of this Policy and on Your ID card. During that period of time, You will receive care as if the provider was still in Our network. You must receive approval from Us for Continuity of Care and there must be strong clinical reasons preventing immediate transfer of Your care to another Network Provider. You should apply for Continuity of Care within 30 days of Your Network Provider leaving Our network. Requests will be reviewed within 10 days of receipt; organ transplant requests will be reviewed within 30 days.

If You are under the care of a Network Provider for one of the medical conditions listed below, and the Network Provider caring for You is terminated from the Network by Us, We can arrange, at Your request and subject to the provider's agreement, for continuation of Covered Health Services rendered by the terminated provider for the time periods shown below. Copayments, Deductibles,

or other cost sharing components will be the same as You would have paid for a provider currently contracting with Us.

Medical conditions and time periods for which treatment by a terminated Network Provider will be covered under the Policy are:

- An Acute Condition or Serious Chronic Condition. Treatment by the terminated Provider may continue for up to 120 days.
- A high-risk Pregnancy or a Pregnancy that has reached the second or third trimester. Treatment by the terminated Provider may continue until the postpartum services related to the delivery are completed.

This section does not apply to treatment by a provider or provider group whose contract with Us has been terminated or not renewed for reasons relating to medical disciplinary cause or reason, fraud, or other criminal activity.

Do not assume that a Network Provider's agreement includes all Covered Health Services. Some Network Providers contract with Us to provide only certain Covered Health Services, but not all Covered Health Services.

For information on how to apply for Continuity of Care, contact Customer Service at the telephone number listed in the *Contact Us* section of this Policy and on Your ID card.

You can obtain a listing of Network Providers on Our website, or by contacting customer service at the telephone number listed in the *Contact Us* section of this Policy and on Your ID card. The provider's network status is subject to change, so always confirm the provider's network status with the provider at the time services are received.

## **Access Plan**

Our network access plan describes how We monitor the network of providers to ensure that You have access to care. The network access plan is maintained at Our offices. Please contact customer service at the number listed in the *Contact Us* section of this Policy and on Your ID card for the location office nearest You.

## **Designated Facilities and Other Providers**

If You have a medical condition that We believe needs special services, We may direct You to a Designated Facility or designated Physician chosen by Us. If You require certain complex Covered Health Services for which expertise is limited, We may direct You to a Network Facility or provider that is outside Your Service Area. If You are required to travel to obtain such Covered Health Services from a Designated Facility or designated Physician, We may reimburse certain travel expenses at Our discretion. Please refer to *Section 6 – Benefits/Coverage* for more information about eligible travel expenses.

In both cases, Network Benefits will only be paid if Your Covered Health Services for that condition are provided by or arranged by the Designated Facility, designated Physician, or other provider chosen by Us. The Designated Facility, Physician or other provider chosen by Us must abide by the Prior Authorization terms of this Policy.

You or Your Network Physician must notify Us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or designated Physician. If You do not notify Us in advance and if You receive services from a Non-Network Facility, (regardless of whether it is a Designated Facility) or other Non-Network Provider, Network Benefits will not be paid.

## **Receiving Non-Emergent Care from Non-Network Providers**

In most cases, non-emergent care received from a Non-Network Provider is not covered. Non-emergent services from Non-Network Providers are covered by the plan when You are treated by a Non-Network Provider while receiving care at a Network Facility. You will not be responsible

for any payments beyond the Copayment, Deductible, and Coinsurance amounts that You would have paid had You received services from a Network Provider.

Non-emergent services from Non-Network Providers may be covered by the plan when We approve an authorization request for Medically Necessary care to a Non-Network Provider because the care is not available from a Participating Network Provider. The payment for these services is subject to using the authorized provider, Your eligibility at the time of service, and the Benefit limitations outlined in *Section 7 – Limitations/Exclusions (What is Not Covered)*. If We do not have a Network Provider or Specialist within Our network to provide services for a covered Benefit, We may issue Prior Authorization to see a Non-Network Provider.

If you need Medically Necessary care that cannot be provided by a Network Provider, You will not be charged additional expenses because use of a Non-Network Provider is required. The care must be Prior-authorized. You will be responsible for Copayment, Deductible and Coinsurance amounts as if You had received services from a Network Provider.

Non-Network Providers are not contracted with Us. If You access services from a Non-Network Provider for non-Emergency Health Services and You did not have Prior Authorization from Us, the services will not be covered. You will be responsible for the entire amount that the provider bills.

### **Receiving Emergency Care From Network Providers or Network Facilities**

When receiving Medically Necessary Emergency Health Services from a Participating or In-Network Facility, You will be responsible for Your In-Network Deductible, Copayment, or Coinsurance amounts as indicated in Your *Schedule of Benefits*.

### **Receiving Emergency Care From Non-Network Providers or Non-Network Facilities**

When receiving care that qualifies as Emergency Health Services from a Non-Network Provider in a Non-Network Facility, payment from the plan, unless otherwise permitted by law, will be the greater of:

- The median amount negotiated with In-Network Providers for the Emergency Service.
- Usual, Customary and Reasonable rate based on the geographic region, or
- The amount that would be paid under original Medicare fee-for-service for the Emergency Health Services.

You will be responsible for Your Copayment, Deductible, and Coinsurance amounts.

### **Prior Authorized Care from Non-Network Providers**

In a case where We do not have a Participating Provider or Specialist within the network to provide services for a covered Benefit, We may issue Prior Authorization to see a Non-Network Provider.

If you need Medically Necessary care that cannot be provided by a Network Provider, You will not be charged additional expenses because use of a Non-Network Provider is required. The care must be Prior-authorized. You will be responsible for Copayment, Deductible and Coinsurance amounts as if You had received services from a Network Provider.

### **Payment to Non-Network Providers**

Refer to *Section 5 – Receiving Non-Emergent Care From Non-Network Providers* for situations in which We would cover services to Non-Network Providers.

If You receive Prior Authorization from Us to receive non-Emergency care from a Non-Network Provider, the Non-Network Provider's office may require You to pay the charges in full at the time of service. To be considered for reimbursement for what You have paid, You will need to provide Us with an itemized bill.

Itemized bills must be submitted on billing forms or the provider's letterhead or stationery and must include:

- Name and address of the Physician or other health care provider, Tax ID Number, NPI Number.
- Full name, address, and date of birth of the patient receiving treatment or services.
- Date of service, type of service, diagnosis, charge, and reimbursement for each service separately.

Canceled checks, balance due statements, cash register receipts, or bills You prepare Yourself are not acceptable. Please make a copy of all itemized bills for Your records before You send them because the bills will not be returned to You. Itemized bills are necessary for Your claim to be processed so that all Benefits available under Your plan are provided.

Claims for services rendered by a Non-Participating Provider must be submitted within 15 months from the date of service. If Your Non-Network Provider does not file a claim for You, You are responsible for filing the claim within the 15-month deadline. Claims submitted after the deadline are not eligible for Benefit payment or reimbursement. If a claim is returned to You because We need additional information, You must resubmit it, with the information requested, within 90 days of the request.

### **Our Reimbursement Policies**

We develop reimbursement Policy guidelines, at Our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association (AMA), and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for original Medicare fee-for-service.
- As Usual, Customary and Reasonable reimbursement terms established.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that We accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse, fraud reviews), Our reimbursement policies are applied to provider billings.

Network Providers are contractually obligated to follow Our reimbursement policies and may not bill You for any balances other than Your Copayment, Deductible or Coinsurance amounts after the provider receives payment from Us.

Non-emergency services provided by a Non-Network Provider at a Network Facility will be reimbursed according to Our Network reimbursement policies. You will be responsible for Your Copayment, Deductible, and Coinsurance amounts.

### **Limitations on Selection of Providers**

If We determine that You are using health care services in a harmful or abusive manner, or with harmful frequency, Your selection of Network Providers may be limited. If this happens, We may require You to select a single Network Physician to provide and coordinate all future Covered Health Services. If You do not make a selection within 31 days of the date We notify You, We will select a single Network Physician for You. If You fail to use the selected Network Physician, Covered Health Services will be considered as Non-Network Benefits.

### **Service Area**

Your Service Area is an area (based on full or partial counties) where Network Covered Health Services are generally available and readily accessible to You and Your covered Dependents.

Services from Network Providers can be accessed anywhere in Your Service Area. Any services received outside of Your Service Area from a Non-Network Provider will be considered Non-Network and will not be covered, with the exception of Emergency Health Services. Emergency Health Services will be covered as Network Benefits regardless of the provider's Network status or Service Area.

Non-Emergency Health Services received from Non-Network Providers or received outside of Your Service Area will not be covered unless You have Prior Authorization from Us.

Please see Our provider directory at [BrightHealthCare.com](http://BrightHealthCare.com) for a list of Network Providers in the Service Area or contact Customer Service at the number listed in the *Contact Us* section of this Policy and on Your ID card for assistance.

## **Medical Necessity**

Understanding Medical Necessity is important for You as a Member because the decisions about coverage and treatment affect You. You need this information to make prudent choices.

We define Medically Necessary as health care services or supplies needed to diagnose or treat an illness, Injury, condition, disease or its symptoms and that meet accepted standards of medicine.

We may use the specific information in making decisions about Medical Necessity, including but not limited to:

- Scientific Evidence, medical literature, and other evidence-based guidelines.
- Consideration of cost-effectiveness compared to alternative interventions, including no intervention.
- Expert Opinion.
- Professional organization practice guidelines.
- State and federal regulatory agencies
- Managed care industry standards
- Technology assessment information services

## **Second Opinions**

Second opinions should be received from an In-Network Provider when available. If You get a second opinion from a Non-Network Provider but could have received it from an In-Network Provider, You may be required to pay those charges. We offer a network of Providers that meet all applicable requirements. However, if We find that a gap exists in Our network, We may approve treatment with a Non-Network Provider on a case-by-case basis and limited in scope in accordance with Our *Out-of-Network Exceptions* Policy.

## **Prior Authorization**

Prior Authorization is the process of reviewing a request for health care services prior to receiving care. Prior Authorization may be required to make sure services are Medically Necessary, and that the provider is In-Network. Please refer to Your *Schedule of Benefits* to see which services require Prior Authorization.

### **Who is Responsible for Obtaining Prior Authorization?**

If You are receiving care from a Network Provider, the provider is required to get Prior Authorization from Us before You receive care. If the provider does not receive Prior Authorization and the service is denied, the provider may not bill You for any balances other than Your Copayment, Deductible, or Coinsurance amounts after the Provider receives payment from Us.

If You are receiving care outside of Your Service Area, or care from a Non-Network Provider, You are responsible for making sure that Prior Authorization is in place. Information regarding the services can come from the Non-Network Provider or from You.

Through the Prior Authorization process, You may qualify for specialty programs, which include but are not limited to the:

- Assignment of a case or disease management professional to assist You in evaluating and understanding health care choices.
- Provision of information on how to choose higher quality, lower cost centers, or providers; access to special care success programs, and
- Provision of informed decision-making materials.

Failure to obtain Prior Authorization prior to receiving care may result in services not being covered, regardless of the circumstances or Medical Necessity.

### **Standard Prior Authorization Process**

The Prior Authorization review process requires the full cooperation of the requesting Physician in order for Us to evaluate all of the pertinent information and make a coverage determination. We must make Our decision within 15 calendar days of receiving the Prior Authorization request and Physician's statement. You can request an expedited exception if You or Your Physician believe that Your health could be seriously harmed by waiting 15 calendar days for a decision. If Your request to expedite is granted, We must give You a decision no later than 72 hours after We get the supporting statement from Your Physician. The timeframe for making a coverage determination may be extended if the Prior Authorization request lacks sufficient information or if there is a situation beyond Our control (for example, severe weather or declaration of a state of emergency).

If the Prior Authorization process is not followed, it could result in the delay or Denial of claims payments.

Requests for retrospective authorization of services more than 180 days after the date of service will be denied.

### **Utilization Management**

When We receive a request for Prior Authorization of health care services, We may work with You through the utilization management process. We may also refer You to Care Management for information about services available to You, such as disease management programs, health education, and patient advocacy.

All Utilization Management decisions are made by qualified licensed professionals. Our Care Management staff is trained to assess the clinical information used to support decisions. Our Care Management decision-making is based only on appropriateness of care and the existence of coverage. We do not reward practitioners, referring Physicians, or other utilization management decision makers for issuing Denials of coverage.

### **Decide What Services You Should Receive**

Care decisions are between You and Your health care provider. We do not make decisions about the kind of care You should or should not receive. We make determinations of Benefits according to Medical Necessity, the provider's or Facility's network status, and whether or not the service(s) are a Covered Health Service under Your plan.

### **Show Your ID Card**

You should show Your ID card every time You request health services. If You do not show Your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that You may be unable to collect any Benefits otherwise owed to You. The billing address used is based on the plan under which Your coverage is issued. Therefore, it is important that You verify that Your provider has the correct billing information on file for Your plan.

### **Member Cost Sharing Requirements**

Cost-sharing amounts include Deductibles, Coinsurance, Copayments, and any other expense required of a Member. Depending on the type of care You receive, and where You receive care, Your cost-sharing amounts will differ.

Refer to the *Schedule of Benefits* to determine what Your cost-sharing requirements are.

**Annual Deductible** is the amount You pay for Covered Health Services incurred in a calendar year before We will pay for Benefits. Deductible amounts accumulate towards Your Out-of-Pocket Maximum.

**Coinsurance** is the percentage of any Contracted Rate that You are required to pay for certain Covered Health Services. Coinsurance amounts accumulate towards Your Out-of-Pocket Maximum.

**Copayments** are the charges stated as a set dollar amount that You are required to pay for certain Covered Health Services. Copayment amounts accumulate towards Your Out-of-Pocket Maximum.

**Out-of-Pocket Maximum** is the maximum cost-sharing amount that You pay in a calendar year. Cost-sharing that applies to the Out-of-Pocket Maximum includes Copayments, Deductibles, and Coinsurance.

All Deductible, Copayment and Coinsurance payments for In-Network Covered Health Services will apply to the Out-of-Pocket Maximum. Once the Out-of-Pocket Maximum has been met for a Covered Person, the Covered Person will have no further obligation to pay Deductible, Copayment or Coinsurance amounts for Covered Health Services received from a Participating Provider for the remainder of the Calendar Year.

For policies with two or more people, each person's Individual Out-of-Pocket Maximum applies to the Family Out-of-Pocket Maximum. Once a Covered Person has met his or her Out-of-Pocket Maximum, the Covered Person will have no further obligation to pay charges for In-Network Covered Health Services for the remainder of the Plan Year. Once two or more people's combined Out-of-Pocket expenses reach the Family Out-of-Pocket Maximum, Covered Persons under the Family Policy will have no further obligation to pay charges for In-Network Covered Health Services.

## Section 6 – Benefits/Coverage (What is Covered)

### Benefit Determinations

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service You receive. Our decisions are for payment purposes only. We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations, and exclusions set out in this Policy which includes the Schedule of Benefits and any Amendments.

Equipment is only available when obtained from a Participating Provider, unless related to Emergency Health Services.

Such equipment includes, but is not limited to, crutches, Hospital beds, wheelchairs, respirators, and dialysis machines.

If more than one piece of Durable Medical Equipment can meet Your functional needs, Coverage is available only for the equipment that meets the minimum specifications for Your needs. Coverage is for medically appropriate equipment only, and does not include special features, upgrades, or equipment accessories.

With some Durable Medical Equipment items, We will authorize a rental instead of a purchase. The decision is based on the length of need, the cost of the item, and the frequency of servicing. When Durable Medical Equipment is rented, Benefits cannot exceed Our Allowable Amount to purchase the equipment. If You rent or purchase Durable Medical Equipment that exceeds this guideline, You will be responsible for any cost difference between the piece You rent or purchase and the piece We have determined is the most cost-effective.

Examples of Durable Medical Equipment include but are not limited to:

We will determine if the nebulizer is purchased or rented. Charges are covered at 100% of the Contracted Rate and are not subject to the Annual Deductible, Copayment, or Coinsurance.

Coverage is available for repairs and replacement, except that:

- Coverage for repair and replacement do not apply to damage due to misuse, malicious breakage, or gross neglect. Established guidelines by Medicare are followed for the lifetime of Durable Medical Equipment. Equipment is expected to last at least five years.
- Coverage is not available to replace lost items.

Replacement of Durable Medical Equipment solely for warranty expiration or new and improved equipment becoming available is not covered. Duplicate or extra Durable Medical Equipment for the purpose of the member's comfort, convenience, or travel is not covered. Durable Medical Equipment Benefits do not include any device, appliance, pump, machine, stimulator, or monitor that is fully implanted into the body.

We will decide if the equipment should be purchased or rented.

We may limit the quantities of certain Durable Medical Equipment supplies to an amount considered to be reasonable for a 30-day period. When quantities exceed what We consider reasonable for a given time frame, there must be an explanation of the Medical Necessity for the quantities. If this information is not provided to Us, there may be a delay in processing the claim or the claim may be denied.

However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

### **Prescription Drugs**

We use a Pharmacy Services Vendor to help manage the Prescription Drug Benefit. Your cost and coverage of Prescription Drug Products from this Benefit is impacted by the following factors:

- Eligibility at the time of service.
- Pharmacy filling Your prescription.
- Status of the medication on Our Formulary, its brand or Generics status, its status as a Specialty Pharmacy medication; and
- Annual Deductibles, Copayments, Coinsurances, Days' Supply Limits, and other Quantity or Supply Limits.

### Identification Card Required for Prescription Services

You must show Your ID Card when You obtain Your Prescription Medications. The information on Your ID Card helps the pharmacy filling Your prescriptions verify that You are eligible and determine the coverage and cost of Prescription Medications according to this Benefit.

If the pharmacy does not have the necessary information from Your ID Card, it will not be able to provide prescriptions according to Your Benefit. If You use a Network Pharmacy but do not use Your ID Card, You may be asked to pay the pharmacy's requested or usual and customary price for the medication. You will need to submit a claim to Us to consider the prescription for reimbursement under Your Benefits. You will always be responsible for any Deductibles, Copayments, Coinsurance, or other Benefit limits under this Benefit. Only pharmacies that participate in Our Pharmacy Network are able to fill Your prescriptions under this Benefit.

### Pharmacy Network

You must use a Network Pharmacy to receive Benefits under this Policy. If You do not use a

Network Pharmacy, You have no coverage under this Benefit. To find a Network Pharmacy, visit Our website at [BrightHealthCare.com](http://BrightHealthCare.com) or call the Customer Service number listed on Your ID Card.

#### Specialty Pharmacy

Specialty Medications are prescribed to treat serious or chronic medical conditions such as but not limited to multiple sclerosis, hemophilia, hepatitis, and rheumatoid arthritis. These medications may be oral or injectable. They can be self-administered or administered by a family member.

We have a program for specialty medications through a Specialty Pharmacy Network. If You need specialty medications, You must use one of the providers in the Specialty Pharmacy Network as Your specialty medication pharmacy. You may also be required to have the medication administered in certain settings or facilities. Specialty medication providers are experts in supplying medications and services to patients with complex health conditions. They will give You information about Your condition and the medications that have been prescribed to You. Contact the Pharmacy Customer Service at the number listed on Your ID Card to find out which providers are in the Specialty Pharmacy Network program.

#### Mail Order Medications / Network Benefits

You may get many of Your medications through the Mail Order Pharmacy service or from a Participating Retail Pharmacy. For more information, or to sign up, go to [BrightHealthCare.com](http://BrightHealthCare.com).

#### Formulary List

Our Pharmacy and Therapeutics committee has created a list of Prescription Drug Products for this plan, called a Formulary. The Formulary is referenced to determine what You pay at the pharmacy and any additional requirements for covered Prescription Drug Products under the plan.

Products on the Formulary are covered differently than products not listed on the Formulary. Your cost for prescriptions will vary depending on the Formulary status of each specific medication. In general, medications on the Formulary are intended to cost You less than medications not on the Formulary. The Formulary contains both Brand-Name and Generic medications.

We may periodically change the status of a medication on the Formulary. These changes may occur without prior notice to You. Additionally, the status of a medication may change from Brand Name to Generic. Brand name or Generic product status may impact Your costs and coverage under this Benefit.

You may view the Formulary at Our website [BrightHealthCare.com](http://BrightHealthCare.com) or contact the Pharmacy Customer Service at the number listed on Your ID Card to request a copy.

#### Medical versus Pharmacy Benefits

The drug Formulary applies to Your pharmacy benefits only. Medications covered under pharmacy benefits typically include self-administered drugs that are picked up at a retail pharmacy or delivered to the home. Drugs administered at a Physician's office, infusion clinic, or inpatient Facility are typically covered under Your medical benefit and subject to the applicable cost-share amount.

#### Quantity Limit or Supply Limits

Your prescriptions may be limited by quantity, management, or Supply Limits which may reduce the quantity of Your prescription to a 30-day supply versus the full quantity written by Your prescriber.

Many order prescriptions will be eligible as written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size, or based on other Quantity or Supply Limits.

Specialty Prescription Drug Products will be eligible as written by the provider, up to a consecutive 30-day supply of a Specialty Prescription Drug, unless adjusted based on the drug manufacturer's packaging size or based on other Quantity or Supply Limits. When a Specialty Prescription Drug Product is packaged or designed in a manner that provides more or less than a consecutive 30-day supply, the Copayment and/or Coinsurance that applies may be adjusted to reflect the number

of days dispensed.

For certain medications, the plan limits the amount or dose of the medication that will be covered with each prescription or over a certain time period.

To find out which medications have a Quantity Limit restriction, refer to the Formulary at [BrightHealthCare.com](http://BrightHealthCare.com).

#### Limitation on Selection of Pharmacies

If We determine that You may be using Prescription Medications in a harmful or abusive manner, or with harmful frequency, Your selection of Network Pharmacies may be limited. If this happens, We may require You to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the designated single Network Pharmacy. If You don't make a selection within 31 days of the date We notify You, We will select a single Network Pharmacy for You.

#### Prior Authorization

Some Prescription Drug Products may require Prior Authorization to be covered. In these cases, Your Physician and/or pharmacist will be notified. They are instructed to call the number on Your ID card, or follow directions provided in a communication. Prior Authorization is used to verify that certain requirements have been met before coverage of a specific type of prescription is dispensed. Without Prior Authorization approval, Your Prescription Drug Product may not be covered. Refer to the Formulary at [BrightHealthCare.com](http://BrightHealthCare.com) to find out which medications require Prior Authorization.

Prior Authorization for brand drugs may be approved because less costly equivalent alternatives are not available. If a lower cost equivalent brand, Generic, or biosimilar becomes available as a preferred drug, only the preferred drug will be covered.

For certain physician administered medications, covered under Your medical benefit, We may require Prior Authorization for the medication and also the site where the drug will be provided.

#### Step Therapy

Step Therapy encourages You to try less costly but just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the plan may require You to try Drug A first. If Drug A does not work for You, the plan will then cover Drug B. The requirement to try a different drug first is call "Step Therapy." Refer to the Formulary at [BrightHealthCare.com](http://BrightHealthCare.com) to find out which medications require Step Therapy.

Pharmacy drug samples shall not be considered trial and failure of a preferred medication in lieu of trying the Step Therapy required medication.

You are not required to undergo Step Therapy or receive Prior Authorization before a pharmacist may prescribe and dispense an HIV infection prevention drug.

If You have stage four advanced metastatic cancer, You are not required to undergo Step Therapy for a covered medication that has been approved by the U.S. Food and Drug Administration, or other recognized body, for the treatment of stage four advanced metastatic cancer.

#### Exceptions

Exceptions to the above may be granted in certain circumstances or for Emergency or special situations. Your prescriber or doctor and pharmacy staff will need to provide certain information in order for Us to review an exception request. There is a process to appeal decisions, and You will receive that information if You are denied a claim.

If the plan does not cover Your medication or has restrictions or limits on Your medication that will not work for You, You can do one of the following:

- Ask Your health care provider if there is another covered medication that will work for You.
- Your health care provider can ask the plan to make an exception to cover a medication or to remove medication restrictions or limits.

Examples of exceptions are:

- Medication that is normally covered has caused a harmful reaction to You.
- There is a reason to believe the medication that is normally covered would cause a harmful reaction.
- Medication prescribed by Your qualified health care provider is more effective for You than the medication that is normally covered.

Exceptions for brand drugs may be approved because less costly equivalent alternatives are not available. If a lower cost equivalent brand, generic, or biosimilar becomes available as a preferred drug, only the preferred drug will be covered.

Drugs determined by Our Pharmacy and Therapeutics Committee to be deficient are excluded from the Formulary exceptions process.

The medication must be in a class of medications that is covered. For additional information about the prescription drug exception process for drugs not included on Your plan's Formulary, contact the Pharmacy Customer Services number on Your ID card.

#### Off-Label Cancer Medications

Covered Health Services under this section include the Off-Label Use of a medication for the treatment of cancer.

Orally administered anticancer medication shall be deemed Medically Necessary by the treating Physician for the purpose of killing or slowing the growth of cancerous cells in a manner that is in accordance with nationally accepted standards of medical practice, clinically appropriate in terms of type, frequency, extent site, and duration and not primarily for the convenience of the Covered Person, Physician, or other health care provider.

The use of orally administered anticancer medications is not a replacement for other cancer medications.

If this information is not provided to Us, there may be a delay in processing the claim or the claim may be denied.

#### Prescription Eye Drop Refills

Prescription eye drop refills are allowed for a Covered Person if the refill is requested once 70% of the initial days' supply submitted by the pharmacy has been used. It does not include a drug that is listed by the FDA as having unresolved bioequivalence concerns according to the administration's most recent publication of approved drug products with Therapeutic Equivalence evaluations.

### Drug Manufacturer Coupons

Drug manufacturer or third-party copay assistant programs may offer coupons, rebates, or other copay assistance to You which could lower Your out-of-pocket costs. A heading does not create, define, modify, limit, or expand an exclusion. All exclusions in this section apply to You.

### Benefit Limitations

Additional limitations that apply to Pediatric Dental Services:

- Claims shall be processed in accordance with the Our standard processing policies. The processing policies may be revised from time to time; therefore, We shall use the processing policies that are in effect at the time the claim is processed. We may use dentists (dental consultants) to review treatment plans, diagnostic materials, and/or prescribed treatments to determine generally accepted dental practices and to determine if treatment has a favorable prognosis.
- If a primary dental procedure includes component procedures that are performed at the same time as the primary procedure, the component procedures are considered to be part of the primary procedure for purposes of determining the Benefit payable under the dental Benefits. If the Provider bills separately for the primary procedure and each of its component parts, the total Benefit payable for all related charges will be limited to the maximum Benefit payable for the primary procedure.
- Exam and cleaning limitations:
  - Procedure Codes that include periodontal maintenance, and full mouth debridement are covered as a Basic Benefit, and routine cleanings including scaling in presence of generalized moderate or severe gingival inflammation are covered as a Diagnostic and Preventive Benefit. Periodontal maintenance is only covered when performed following active periodontal therapy.
- X-ray limitations:
  - The plan will limit the total reimbursable amount to the Provider's Accepted Fee for a complete intraoral series when the fees for any combination of intraoral x-rays in a single treatment series meet or exceed the Accepted Fee for a complete intraoral series.
  - When a panoramic film is submitted with supplemental film(s), the plan will limit the total reimbursable amount to the Provider's Accepted Fee for a complete intraoral series.
  - If a panoramic film is taken in conjunction with an intraoral complete series, We consider the panoramic film to be included in the complete series.
- The fee for pulp vitality tests is included in the fee for any definitive treatment performed on the same date.
- Topical application of fluoride solutions is limited to twice within a 12-month period.
- A separate/additional space maintainer can be allowed after the removal of a unilateral distal shoe. The removal of a fixed space maintainer is considered to be included in the fee for the space maintainer; however, an exception is made if the removal is performed by a different Provider/Provider's office.
- Repair or replacement of a Sealant on any tooth within 24 months of its application is included in the fee for the original placement.
- Specialist Consultations count toward the oral exam frequency.
- We will not cover replacement of an amalgam or resin-based composite restorations (fillings) within 24 months of treatment if the service is provided by the same Provider/Provider office.
- Replacement restorations within 24 months are included in the fee for the original restoration.
- Protective restorations (sedative fillings) are allowed when definitive treatment is not performed on the same date of service. The fee for protective restorations is included in the fee for any definitive treatment performed on the same date.

- Therapeutic pulpotomy is limited to baby (deciduous) teeth only; an allowance for an Emergency palliative treatment is made when performed on permanent teeth.
- Retreatment of root canal or pulpal therapy by the same Provider/Provider office within 24 months is considered part of the original procedure.
- Retreatment of apical surgery by the same Provider/Provider office within 24 months is considered part of the original procedure.
- Fees for additional pins on the same tooth on the same date are considered a component of the initial pin placement.
- Palliative treatment is covered per visit, not per tooth, and the fee for palliative treatment provided in conjunction with any procedures other than x-rays or select Diagnostic procedures is considered included in the fee for the definitive treatment.
- Periodontal limitations:
  - Periodontal surgery in the same quadrant is limited to once in every 36-month period and includes any surgical re-entry or scaling and root planing performed within 36-months by the same dentist/dental office.
  - Periodontal services, including graft procedures are only covered for the treatment of natural teeth and are not covered when submitted in conjunction with extractions, periradicular surgery, ridge augmentation or implants.
  - Bone grafts are not benefited in conjunction with soft tissue grafts in the same surgical area.
  - When implant procedures are a covered Benefit, scaling and debridement in the presence of inflammation or mucositis of a single implant, including cleaning of the implant surfaces, without flap entry and closure is covered as a basic Benefit and are limited to once in a 24-month period.
- Crowns and Inlays/Onlays are covered not more often than once in any 60-month period except when We determine the existing Crown or Inlay/Onlay is not satisfactory and cannot be made satisfactory because the tooth involved has experienced extensive loss or changes to tooth structure or supporting tissues. Services will only be allowed on teeth that are developmentally mature.
- When allowed within six months of a restoration, the Benefit for a Crown, Inlay/Onlay or fixed prosthodontic service will be reduced by the Benefit paid for the restoration.
- Provisional and/or temporary restorations are not separately payable procedures and are included in the fee for completed service.
- Replacement of a prosthodontic appliance and/or implant supported prosthesis not provided under this program will be made if We determine it is unsatisfactory and cannot be made satisfactory. Services will only be allowed on teeth that are developmentally mature. Diagnostic and treatment facilitating aids for implants are considered a part of, and included in, the fees for the definitive treatment.
- An implant is a covered procedure of the plan only if determined to be a dental necessity. If an arch can be restored with a standard prosthesis or restoration, no Benefits will be allowed for the individual implant or implant procedures. Only the second phase of treatment (the prosthodontic phase-placing of the implant crown, bridge denture or partial denture) may be subject to the alternate Benefit provision of the plan.
- Recementation of Crowns, Inlays/Onlays or bridges is included in the fee for the Crown, Inlay/Onlay or bridge when performed by the same Provider/Provider office within six months of the initial placement.
- This plan limits payment for dentures to a standard partial or complete denture (Enrollee Coinsurances applies). A standard denture means a removable appliance to replace missing natural, permanent teeth that is made from acceptable materials by conventional means and includes routine post-delivery care including any adjustments and relines for the first six months after placement.
- Tissue conditioning is not allowed as a separate Covered Service when performed on the same day as a denture reline or rebase service.

You must show Your ID card at the pharmacy when You receive prescription drugs. The information on Your ID card helps the pharmacy verify that You are covered. It also helps determine the cost of Your medications. If the pharmacy does not have the information from Your ID card, they will not be able to provide Your medication at Your plan Benefits. If You do not show Your ID card, You may pay full price for Your medication.

It is important that You make sure Your provider has the correct billing information on file for Your plan.

## Section 10 – General Policy Provisions

### Your Relationship with Us

In order to make choices about Your health care coverage and treatment, We believe that it is important for You to understand how We interact with Your providers.

- We do not decide what care You need or will receive. You and Your Physician make those decisions.
- We communicate to You decisions about whether this plan will cover or pay for the health care that You may receive. The plan pays for Covered Health Services, which are more fully described in this Policy.
- The plan may not pay for all treatments You or Your Physician may believe are necessary. If the plan does not pay, You will be responsible for the cost.

### Our Relationship with Providers

Relationships between Us and Network Providers are solely contractual relationships. Network Providers are not Our agents or employees. Neither We nor any of Our employees are agents or employees of Network Providers. We do not provide health care services or supplies, nor do We practice medicine. Instead, We arrange for health care providers to participate in a Network and We pay Benefits. Network Providers are independent practitioners who run their own offices and facilities. We are not liable for any act or omission of any provider.

### Your Relationship with Providers

The relationship between You and any provider is that of provider and patient.

- You are responsible for choosing Your own provider.
- You are responsible for paying, directly to Your provider, any amount identified as Your responsibility, including Copayments, Coinsurance, and Annual Deductible charges.
- You are responsible for paying, directly to Your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating You is right for You. This includes Network Providers You choose and providers to whom You have been referred.
- You must decide with Your provider what care You should receive.
- Your provider is solely responsible for the quality of the services provided to You.

### Incentives to Providers

We pay Network Providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of quality health care in a cost efficient and effective manner. These financial incentives are not intended to affect Your access to health care. An example of financial incentives for Network Providers is a performance bonus based on factors that may include quality, Your satisfaction, and/or cost-effectiveness.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If You have questions about whether Your Network Provider's contract with Us includes any financial incentives, We encourage You to discuss those questions with Your provider.

### Incentives to You

We may offer You incentives to encourage You to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is Yours alone but We recommend that You discuss participating in such programs with Your Physician. Contact Us if You have any questions.

### Rebates and Other Payments

We may receive rebates for certain drugs that are administered to You in Your home, a Physician's office, a Hospital, or an Alternate Facility. This includes rebates for drugs administered to You before You meet any applicable Annual Deductible. We do not pass these rebates on to You, nor are they applied to any Annual Deductible or taken into account in determining Your Copayments or Coinsurance.

## **Inspection of Policy**

If for any reason You are not satisfied with the plan, You may return it to Us with Your ID card within 10 days following Your effective date. We will refund any fees You have paid and obtain refunds for any Benefits that We have paid to You or Your provider.

## **Interpretation of Benefits**

We have the discretion to do all of the following:

- Interpret Benefits under this Policy.
- Interpret the other terms, conditions, limitations, and exclusions, including this Policy which includes the Schedule of Benefits and any Amendments.
- Make factual determinations related to this Policy and its Benefits.

We will make the final decision on claims for Benefits under the Policy. When making a Benefit determination, We have discretionary authority to interpret the terms and provisions of the Policy. This discretionary authority should not be construed to limit the legal action that may be taken by an insured or beneficiary in accordance with the Legal Actions provision of the Policy and any applicable state or federal law.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of this Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, We may, in Our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that We do so in any particular case shall not in any way be deemed to require Us to do so in other cases, similar or not.

## **Evaluation of New Technology**

Coverage for new technology that is Experimental, Investigational, or not deemed Medically Necessary is excluded from coverage.

We will evaluate the utilization of new technology as related to medical and behavioral health procedures, pharmaceuticals, and devices.

Information from published peer-reviewed Scientific Evidence, governmental regulatory bodies, and Specialists and professionals who have relevant expertise with the new technology, is reviewed against technology or intervention assessment criteria, which must be met to merit consideration as a covered Benefit.

## **Administrative Services**

We may, in Our sole discretion, arrange for various persons or entities to provide administrative services in regard to this Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may change from time to time at Our sole discretion. We are not required to give You prior notice of any such change, nor are We required to obtain Your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

## **Information and Records**

By accepting Benefits under this Policy, You authorize and direct any person or institution that has provided services to You to furnish Us with all information or copies of records relating to the services provided to You. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We may use Your individually identifiable health information to administer this Policy and pay claims, to identify procedures, products, or services that You may find valuable, and as otherwise permitted or required by law. We may request additional information from You to decide Your claim for Benefits. We will keep this information confidential. We may also use Your de-identified data for

commercial purposes, including research, as permitted by law. More detail about how We may use or disclose Your information is found in Our Notice of Privacy Practices.

We have the right to release any and all records concerning health care services, which are necessary to implement or administer the terms of this Policy, for appropriate medical review or quality assessment, or as We are required to do by law or regulation. During and after the term of this Policy, We and Our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to Our *Notice of Privacy Practices*.

For complete copies of Your medical records or billing statements We recommend that You contact Your health care provider. Providers may charge You reasonable fees to cover their costs for providing records or completing requested forms. In some cases, as permitted by law, We will designate other persons or entities to request records or information from or related to You, and to release those records as necessary. Our designees have the same rights to this information as We have.

### **Change of Beneficiary**

The right to change a Beneficiary is reserved to the Subscriber and the consent of the Beneficiary, or beneficiaries, shall not be requisite to surrender or assignment of this Policy or to any change of Beneficiary, or beneficiaries, or to any other changes in this Policy.

### **Extension of Benefits**

If You are hospitalized on the end date of Your Policy with Us and Your Policy is not being terminated for non-payment, Benefits will be extended beyond Your termination date until You are discharged from the Hospital. We will pay for Covered Health Services received during that hospitalization if Premiums were paid through Your termination date.

### **Examination and Autopsy**

We have the right at Our expense, to request an examination of Covered Persons by a provider of Our choice. Upon the death of a Covered Person, We may request an autopsy, unless prohibited by law.

### **Integration of Medicare Benefits**

If You are eligible for Medicare, Your Medicare eligibility will not affect the Covered Services covered under this Policy, except as follows:

- Your Medicare coverage will be applied first (primary) to any services that would be covered by both Medicare and this Policy.
- If You receive a service that would be covered both by Medicare and this Policy, We will allow no more than the amount allowed by Medicare for the same Covered Health Service when calculating Benefits payable under the terms of this Policy. All Benefits payable under this Policy are subject the applicable Deductible, Copayment and/or Coinsurance for the Covered Health Service as outlined in the *Schedule of Benefits*.
- If You or a Dependent are entitled to Medicare or if a member of this Policy becomes eligible for Medicare by reason of age, disability, End Stage Renal Disease or any other eligibility category, We will consider what Medicare would pay to the extent permitted by law. This means that We will determine coverage and payment available to the member after identifying the amounts that Medicare would pay.
- If You or a Dependent are eligible for Medicare, We will estimate the amount Medicare would have paid and reduce benefits by this amount for any member who is eligible to enroll in Medicare but is not enrolled.

### **Workers' Compensation**

Benefits provided under this Policy do not substitute for and do not affect any requirements for coverage by Workers' Compensation insurance. We will not pay for services and supplies related

to an Illness or Injury resulting from Your course of employment. Such Illnesses or Injuries are generally covered under such laws as:

- Occupational disease laws
- Employer's liability policies
- Municipal, state, or federal law
- Workers' Compensation Act

You must pursue Your rights under the Workers' Compensation Act or any other laws that may apply to Your situation. This includes filing an appeal with the Tennessee Department of Labor, if necessary.

Your failure to (a) file a claim within the filing period allowed by the applicable law, (b) obtain authorization for care, as may be required by Your employer's workers' compensation insurance, or (c) comply with any other provisions of the above laws, will not qualify You to receive coverage for work-related Injury or Illness from Us.

Your employer's failure to carry the workers' compensation insurance will not qualify You to receive coverage for a work-related Injury or Illness from Us.

There are a limited number of exceptions under which We may pay for services and supplies needed because of work-related Injury or Illness:

- You have an appeal pending in front of the Tennessee Department of Labor. We may pay claims for certain services if You sign an agreement to repay the plan for 100% of services paid by Us when the appeal is decided in Your favor.
- If You qualify under Tennessee law to reject workers' compensation coverage as an owner and officer of Your business. We reserve the right to request documentation to substantiate Your lawful rejection of coverage.

### **Refund of Overpayments**

If We overpay Benefits for expenses incurred on account of a Covered Person, the person or entity that was paid must refund to Us:

- All or some of the payment We made that exceeded the Benefits under this Policy.
- All or some of the payment that was made in error.

The refund equals the amount We paid in excess of the amount that We should have paid under this Policy. If the refund is due from another person or organization, the Covered Person agrees to help Us get the refund when requested.

We may recover a claim paid in error up to 18 months from the date the claim was paid. This time limit does not apply if the member does not provide complete information, was not eligible for coverage, or material misstatements or fraud have occurred.

### **Subrogation and Reimbursement**

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand, or right. Subrogation usually means bringing suit against a person or entity that has injured You. If You choose not to file a claim against the person or entity that has injured You, We will be subrogated to and will succeed to Your right of recovery under any legal theory of any type for the reasonable value of any services and Benefits We provided to You, from any and all of the following.

If You file a claim against the person or entity that has injured You, You are obligated to reimburse Us for the reasonable value of Our services to You once You have been fully compensated for the costs You incur related to Your Injury from any or all of the following listed below.

- Third parties, including any person alleged to have caused You to suffer injuries or expenses.
- Any person or entity who is or may be obligated to provide Benefits or payments to You, including Benefits or payments for underinsured or uninsured motorist protection, no-fault

- or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers, or third-party administrators.
- Any person or entity that is liable for payment to You on any equitable or legal liability theory.
- These third parties and persons or entities are collectively referred to as "Third Parties."

You agree as follows:

- You will cooperate with Us in protecting Our right to reimbursement including, but not limited to:
  - Providing any relevant information requested by Us.
  - Signing and/or delivering such documents as We or Our agents reasonably request to secure the reimbursement claim.
  - Responding to requests for information about any accident or injuries and making court appearances.
  - Obtaining Our consent or Our agent's consent before releasing any party from liability or payment of medical expenses.
- Failure to cooperate in this manner shall be deemed a breach of contract and may result in the instigation of legal action against You.
- We have the authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- Benefits paid by Us may also be considered to be Benefits advanced.
- You will seek Our approval of any settlement that does not fully compensate or reimburse You and Us and You will not do anything to prejudice Our rights under this provision.
- If You do not file a claim, You will assign to Us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits We provided, plus reasonable costs of collection.
- If You do not file a claim, We may take necessary and appropriate action to preserve Our rights under these subrogation provisions, including filing suit in Your name, which does not obligate Us in any way to pay You part of any recovery We might obtain.
- We will not be obligated in any way to pursue this right independently or on Your behalf.
- In the case of Your wrongful death, the provisions of this section will apply to Your estate, the personal representative of Your estate, and Your heirs.
- The provisions of this section apply to the parents, guardian, or other representative of a Child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a Child's Injury, the terms of this reimbursement clause shall apply to that claim.

Our right to recover payment is limited to 18 months from the date the claim was paid by Us.

### **Grace Period**

A grace period of three months for individuals receiving federal insurance subsidies will be allowed for the payment of all outstanding Premiums. If the full balance of outstanding Premium is not paid within Your grace period, coverage will end on the last day of the first calendar month of the grace period. For non-subsidized Members, a 31-day grace period will be allowed for the payment of all outstanding Premiums. If the full balance of outstanding Premium is not paid within Your grace period, coverage will end on the last day for which You have paid Your Premium. We will provide You notice of Your nonpayment before cancelling Your Policy. We will not pay for any services received on or after the date Your coverage ends.

### **Unpaid Premiums**

If a Premium is due and unpaid when We pay a claim under this Policy, We may deduct the amount due from Our payment of the claim.

### **Limitation of Legal Action**

No action at law or in equity shall be brought to recover on this Policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this Policy. No such action shall be brought after the expiration of three years after the time written proof

of loss is required to be furnished. By enrolling in this health Benefit plan, You have agreed to the use of binding arbitration in lieu of having any such dispute decided in a court of law before a jury.

### **Conformity with State and Federal Statutes**

Any provision of this Policy that, on its Effective Date, is in conflict with the statutes of the State of Tennessee or a federal statute, it is amended to conform to the minimum requirements of such statutes. Any and all provisions of this agreement remain in full force and effect.

### **Fraudulent Insurance Acts Notice**

It is unlawful to knowingly provide false, incomplete, or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to a Policyholder or claimant for the purpose of defrauding or attempting to defraud the Policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Insurance Division of the Tennessee Department of Commerce and Insurance.

Insurance fraud results in cost increases for health care coverage. You can help decrease these costs by the following:

- Be wary of offers to waive Deductible and/or Coinsurance. This practice is usually illegal.
- Be wary of mobile health testing labs. Ask what the insurance company will be charged for the tests.
- Review Your Explanation of Benefits.
- Be cautious about giving Your health insurance coverage information over the phone.

If fraud is suspected, contact Us at the Customer Service number listed in the *Contact Us* section of this Policy and on Your ID card.

We reserve the right to recoup any Benefit payments paid on Your behalf. If We determine that an act of fraud was perpetrated, We may rescind the coverage under this Policy retroactively to the date in which the fraudulent act was committed. We may rescind coverage if You have committed fraud or an intentional misrepresentation of a material fact in applying for coverage in or receiving or filing for Benefits. We will provide You with a 30-day advanced written notice prior to rescinding Your coverage.

### **Time Limit on Certain Defenses**

After two years from the date when coverage is effective under this Policy, no misstatements, except intentional, fraudulent misstatements, made by the applicant in the application for such Policy shall be used to void the Policy or to Deny a claim for loss incurred after the expiration of such two-year period.

### **Notices**

All notices are considered sent to and received by You when deposited in the U.S. mail with postage prepaid and addressed to the address on file with Us.

### **Other Information You Should Have**

We have the right to change, interpret, modify, withdraw, add Benefits, or terminate this Policy, without Your approval, as permitted by law. We must notify You of material changes to this Policy at least 60 days in advance of the change.

On its effective date this Policy replaces and overrules any Policy that We may have previously issued to You. Any Policy We issue to You in the future will in turn overrule this Policy. This Policy will take effect on the date specified in this Policy. Coverage under this Policy will begin at 12:01 a.m. and end at 12:00 midnight Central Time. This Policy will remain in effect as long as Premiums are paid when they are due, subject to termination of this Policy.

This Policy shall not exclude covered Benefits because a Covered Person is a patient hospitalized

in a tax supported institution of the state of Tennessee, or any county or municipality, provided that the institution charges patients for the same services in the absences of insurance.

We are delivering this Policy in the State of Tennessee. To the extent that state law applies, the laws of the State of Tennessee are the laws that govern this Policy.

## Section 11 – Termination/Nonrenewal/Continuation

### General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar Benefit plans at any time for the reasons explained below, as permitted by law.

We will provide You with a 30-day advanced written notice prior to the termination of Your coverage.

- You no longer qualify as an Eligible Individual.
- You are actively enrolled under more than one of Our individual or Child-only plans. Coverage under the first plan will end as of the effective date of any subsequent Bright HealthCare non-group plan.
- We do not renew all of Our individual or Child-only plans in the State of Tennessee. In this case, We will provide notice of the decision not to renew the plans to all affected individuals and to the State Insurance Commissioner. We will provide notice at least 180 days before Our non-renewal of the plans.
- We discontinue a particular plan. In this case We will provide 90 days advance written notice to the Subscriber prior to termination of coverage.
- When the State Insurance Commissioner finds that the continuation of Your plan would not be in Your best interest or Your plan is obsolete, or Your plan would impair Our ability to meet Our contractual obligations. In this case, We will provide notice of discontinuance at least 90 days prior to the date of discontinuance. We will provide You with the opportunity to purchase any other non-group plan offered by Us.
- We stop operations. We must pay for services for the rest of the time that Premiums have already been paid.
- When enrollment was erroneous or inappropriate. If enrollment occurred in error or inappropriately, We reserve the right to rescind the Policy.
- We receive a written notice from You instructing Us to cancel Your or Your Dependent's coverage. If any Premium has been paid for the time period following the requested date of termination and no claims have been submitted to Us for dates of service after the requested date of termination, We will refund or credit that Premium within 30 days of the request for termination. In the case of retroactive termination, We will not refund or credit any Premium when claims have been submitted to Us for dates of service after the requested date of termination.
- For Individual Policies (not Child-Only): An Enrolled Dependent Child reaches age 26. If the Dependent Child is incapable of self-sustaining employment by reason of intellectual or physical disability and is chiefly dependent upon the policyholder for support and maintenance, the Dependent can remain as a Dependent Child under the Policy. Proof of such dependency may be required within 31 days of the Child's attainment of the limiting age, but not more frequently than annually.
- The Spousal relationship, as noted in Our definition of Spouse, is legally dissolved. Coverage for the Dependent Spouse will end on the last day of the month in which the Spousal relationship is legally dissolved. Once We receive notice of the dissolution, We will adjust Your coverage and Premium.
- The Subscriber's death. Upon the death of the Subscriber, Dependent coverage may be continued under a new Policy with a new ID number. Please contact Customer Service at the number on Your ID card for additional information.
- Coverage will end if Premiums are not paid when they are due. A grace period of three months for individuals receiving federal insurance subsidies will be allowed for the payment of all outstanding Premiums. If the full balance of outstanding Premium is not paid within Your grace period, coverage will end on the last day of the first calendar month of the grace period. For non-subsidized Members, a 31-day grace period will be allowed for the payment of all outstanding Premiums. If the full balance of outstanding Premium is not paid within Your grace period, coverage will end on the last day for which You have paid Your Premium. We will provide You notice of Your nonpayment before cancelling Your Policy. We will not pay for any services received on or after the date Your coverage ends.
- Fraud, including improper use of Your ID card or intentional misrepresentation of material fact. Any act, practice, or omission that constitutes fraud or an intentional misrepresentation

of material fact may result in termination or rescission of this Policy. This Policy may also be terminated if You participate in or permit fraud or deception by any provider, vendor, or any other person associated with this Policy. Termination of Coverage will be effective on the date We mail the written notice of termination to You. Rescissions will be as the coverage effective date, and it will be as if You were never covered under this Policy. We will provide You with 30 days written notice prior to rescinding coverage.

### **Reinstatement of Coverage**

If any Premium is not paid within the time granted to You for payment, a subsequent acceptance of Premium by Us, without requiring an application for reinstatement, shall reinstate the Policy. This is provided, however, that if We require an application for reinstatement and issue a conditional receipt for the Premium paid, the Policy will be reinstated upon approval of application by Us or, lacking such approval, upon the 45th day following the date of the conditional receipt unless We have previously notified You in writing of Our disapproval of Your application. The reinstated Policy shall cover only loss resulting from Accidental Injuries sustained after the date of reinstatement and loss due to Illnesses. In all other respects You and Us shall have the same rights as existed under the Policy immediately before the due date of the defaulted Premium, subject to any endorsements attached to the reinstated Policy. Any Premiums accepted in connection with a reinstatement will be applied to a period for which You have not previously paid Premium, but not to exceed 60 days prior to the date of reinstatement.

The reviewer will consider all comments, documents, records, and other information You submit, without regard to whether the information was submitted or considered in making the initial Adverse Determination.

If the appeal is about the applicability of a contractual exclusion, the review determination will be made based on whether the contractual exclusion applies to the denied Benefit.

### **Notice of Appeal Determination**

Within 30 calendar days of receipt of Your pre-service appeal or 60 calendar days for retrospective appeal reviews), We will provide You with a written notice of Our determination and a detailed explanation of how We came that decision.

## **Expedited Appeals**

### **Expedited Appeal Review Process**

If a delay in treatment could significantly increase the risk to Your health, cause severe pain, or affect Your ability to regain maximum function, Your appeal may require immediate action. In a situation like this, You, Your Physician, or Your designated representative may request an expedited appeal.

An expedited appeal request does not need to be submitted to Us in writing. An expedited review may be requested by calling Customer Service at 1-855-827-4448.

We will consider all comments, documents, records, and other information provided without regard to whether the information was submitted or considered in making the initial Adverse Determination. ### **Independent External Review Process**

Benefits will be provided based on the terms and conditions of Your plan.

### **Expedited Independent External Review Process**

You, or Your designated representative may request an expedited independent external review if You have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize Your life, health, or ability to regain maximum function, or create an imminent and substantial limitation to Your ability to live independently. Your request must be submitted to Us in writing. **Medically Necessary/Medical Necessity** – health care services or supplies needed to diagnose or treat an illness, Injury, condition, disease or its symptoms and that meet accepted standards of medicine.

We use these terms to help Us determine whether a particular service or supply will be covered. When possible, We develop written criteria (called clinical review criteria) that We use to determine Medical Necessity. We base these criteria on peer-reviewed literature, recognized standards of medical practice, and technology assessments. We put these clinical criteria in policies that We make available to the medical community and Our members. We do this so that You and Your providers will know in advance, when possible, what We will pay for. If a service or supply is not Medically Necessary according to Our published clinical criteria, We will not pay for it. If a service or supply is not addressed by Our clinical criteria, We will consider it to be Medically Necessary only if We determine that it is:

- Appropriate and necessary for the symptoms, diagnosis, or treatment of Your medical condition.
- Provided for the diagnosis or direct care and treatment of Your medical condition.
- In accordance with standards of good medical practice accepted by the organized medical community.
- Not primarily for the convenience and/or comfort of You, Your family, Your Physician, or another provider of services.
- Not “investigational”
- Performed in the least costly setting, method, or manner, or with the least costly supplies, required by Your medical condition. A "setting" may be Your home, a Physician's office, an ambulatory surgical Facility, a Hospital's outpatient department, a Hospital when You are an inpatient, or another type of Facility providing a lesser level of care. Only Your medical condition is considered in deciding which setting is Medically Necessary. Your financial or family situation, the distance You live from a Hospital or other Facility, or any other non-medical factor is not considered. As Your medical condition changes, the setting You need may also change. Ask Your Physician if any of Your services can be performed on an outpatient basis or in a less costly setting.

It is important for You to remember that when We make Medical Necessity determinations, We are making them solely for the purpose of determining whether to pay for a medical service or supply. All decisions concerning Your treatment must be made solely by Your attending Physician and other medical providers.
