

# Pediatric Vision & Dental

Bright Health plans cover pediatric vision and dental care for members under age 19.

## Dental benefit

All plans: 2 cleanings per year; deductible and coinsurance apply to additional services

Diagnostic and preventive procedures

Basic restorative services

Extraction surgery

Endodontics

Medically necessary orthodontia and prosthodontics\*

\*For cleft lip and cleft palate treatment

### FAQs:

**Q:** Where can my child use their dental benefits?

**A:** You can go to any pediatric Delta Dental PPO provider in Colorado. You can find Delta Dental providers on their website at [DeltaDentalins.com](https://www.DeltaDentalins.com).

**Q:** Will I receive a separate ID card for dental services?

**A:** Depending on your plan, you may or may not receive a separate dental ID card. If you don't receive a separate ID card, use your regular Bright Health Member ID card.

## Vision benefit

Annual eye exam

One standard pair of glasses per year or one-year supply of contacts\*

\*You can select luxury items such as designer frames at an additional cost. Work with your vision provider to understand which frames are considered "standard" vs "designer".

These benefits may be subject to deductible & coinsurance, depending on your plan.

### FAQs:

**Q:** Where can my child use their vision benefits?

**A:** Use our online provider finder to find an in-network vision provider at [BrightHealthPlan.com/Provider-Finder/IFP](https://BrightHealthPlan.com/Provider-Finder/IFP).

**Q:** Will I receive a separate ID card for vision services?

**A:** No – you can use your Bright Health member ID card for vision coverage.
