

If you have prescriptions for a long-term condition, getting your drugs through the mail may be a convenient option for you. Bright Health offers pharmacy mail-order through CVS Caremark Mail Service Pharmacy. You'll receive up to a 90-day supply of your medication through the mail.

How to Fill Mail Order Prescriptions:

You can easily start receiving your mail-order prescription in three easy steps:

1. Ask your doctor for a 90-day prescription. Note: If you need your prescription filled right away, ask your doctor to write two prescriptions for your long-term medicines:
 - The first for a short-term supply (e.g., 30 days) to be filled right away at a participating retail pharmacy
 - The second for the maximum day supply allowed (up to a 90-day supply) with as many as three refills (if appropriate) to be mailed to CVS Caremark
2. Complete the mail service order form. You can fill out and print the form online at Caremark.com by clicking print plan forms on the top of the homepage and click "Mail Service Order Form.". Fill out the online form completely to ensure your order is processed promptly.
3. Mail your order form along with your prescription(s) and to the CVS Caremark Mail Service Pharmacy address:

CVS Caremark
P.O. Box 94467
Palatine, IL 60094

Payment options are an electronic check, Bill Me Later®, credit card (VISA®, MasterCard®, Discover® or American Express®,) or money order. Do not send cash.

Please allow up to ten business days for your order to arrive. If you have additional questions, please contact Member Services at the number on the back of your ID card.

Sincerely,

Bright Health Plan
