

It pays to be healthy!

Earn up to \$95 for completing preventive health activities.

Dear <member first name>,

It's true! Complete any or all of the activities listed below before December 31, 2021 and earn rewards. Schedule and keep your appointments, then follow a few simple steps to redeem.

Your eligible activities:

Breast cancer screening – \$25

A1c screening – \$10

Colorectal cancer screening – \$10

Diabetic eye exam – \$50

How to redeem your reloadable Rewards card:

Step 1: Contact your Primary Care Provider to schedule and complete your eligible screening(s) before the end of the year. Appointments fill up later in the year, so the sooner you can schedule yours, the better!

Step 2: After your visit, fill out the correct tear sheet. For a downloadable version of the form visit <https://mybrighthouse.com/incentive-form-1.pdf>.

Step 3: Place your completed tear sheet into one of the enclosed, pre-stamped envelopes and mail to: **Bright HealthCare, Fulfillment Services, 8000 Norman Center Dr, Suite 1200, Bloomington, MN, 55437**

Step 4: Sit back and relax! We will begin mailing 2021 Rewards cards in mid-July. Look for your card 10-15 days after mailing us your completed form, but not before 7/15/21.

Step 5: When your Rewards card arrives, you'll need to visit **WellnessIncentives.com** and register it. You will also be able to check your balance and receive alerts when new funds are added.

It's ok to mail each slip separately – no need to wait until you've finished all your eligible activities. If you have already completed any activities within the 2021 plan year, simply tear off the sheet, fill it in and mail it. Remember: to earn the rewards, **visits must be completed and forms postmarked by December 31, 2021.**

Be sure to keep your Rewards card – it's reloadable and there may be even more opportunities to earn rewards before the end of the year!

Need help scheduling an appointment or locating a provider?
