## Welcome to Bright Health.

Enclosed is a list of all of the in-network pharmacies, included in Bright Health's Individual and Family plans.

For a complete description of your prescription coverage, including how to fill your prescriptions, please review your Certificate of Coverage and the Bright Health Plan Formulary (drug list).

We call the pharmacies on this list "network pharmacies" because we've made arrangements with these pharmacies to provide prescription drugs to our Plan members. In most cases, your prescriptions are covered under a Bright Health plan only if you get them filled at a network pharmacy, or through our mail order pharmacy service. However, you're not obligated to get your prescriptions filled at the same network pharmacy, and can switch network pharmacies, at any time. Keep in mind, we will fill prescriptions at non-network pharmacies only under certain circumstances and as described in your Certificate of Coverage. You can also get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

Because this list is current as of the date on the cover of this directory, we encourage you to contact us for the most up to date network pharmacy list. You can find our contact information on the front and back cover of this directory.
