Bright Health with Carondelet Health Network.

In collaboration with Carondelet Health Network, we are committed to provide access to the care you need so you can focus on living your Brightest life. This directory is a list of the in-network providers included in Bright Health's Individual and Family plans, who have agreed to provide you with your healthcare and hearing services, subject to the terms and conditions of your policy. As a Bright Health member, you may go to any of the network providers listed in this directory.

Our plans revolve around you and the relationship you have with your primary care provider ("PCP"). A PCP is a provider you see for all your basic medical needs, including preventive care. Your PCP will help get you the care you need with specialists, behavioral healthcare providers, hospital services, and more, when necessary. That level of care and attention to your healthcare puts you at the center and never in the middle. It also helps keep your healthcare costs down so we can pass those savings on to you. That's why we request that when you enroll in a Bright Health plan, you choose a Carondelet Health Network primary care provider listed in this directory.

Services performed by an out-of-network provider are generally not covered and will likely cost you more. For more detailed information about your healthcare coverage, please see your Certificate of Coverage.

How to find Bright Advantage providers in your area:
