Introduction

This directory provides a list of Bright Health Plan's network of vision providers. To get detailed information about your *healthcare* coverage, please see your Evidence of Coverage.

You can find a list of in-network vision providers online at BrightHealthPlan.com/Medicare. As a Bright Health Medicare Advantage plan member, you may go to any of the network providers listed in this directory. To make an appointment, just call your chosen in-network provider's office and let them know you're a member of Bright Health.

Keep in mind, if you choose to get care outside of the plan's network, you will pay for the full cost of the service. If you obtain routine care from out-of-network providers, neither Medicare, VSP® Vision Care nor Bright Health will be responsible for the costs.

If you have a medical emergency, get help as quickly as possible. Call **911** for help or go to the nearest emergency room or hospital.

If you need urgent care, call your doctor's office during the day to make sure you don't incur unnecessary expenses.

For more detailed information about your *healthcare* coverage, please see your Evidence of Coverage.

equal access to covered services, including insureds with disabilities as required under the Federal Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

VSP continually assesses the doctor network to ensure adequate access for members. VSP's access standard is one doctor in a 10 mile radius urban / suburban and one doctor in a 25 mile radius for rural. VSP utilizes reports to analyze and determine the percentage of members that will have access to a doctor within a specified distance. VSP runs specific reports to determine if standards are being met and whether to apply appropriate interventions when gaps are identified.
