

2022 PHARMACY UPDATES

We're excited to introduce Bright HealthCare's new pharmacy benefit manager (PBM), MedImpact. They manage prescription drug benefits on behalf of Bright HealthCare to ensure the best possible pharmacy coverage for your patients and our members.

Introducing MedImpact—our new pharmacy benefit manager (PBM)

As of 1/1/2022, all Bright HealthCare members are required to use pharmacies (including specialty and mail order) within the **MedImpact Direct** network. Here's what our partnership with MedImpact means for you:

Electronic prior authorization (ePA)

Get fast and secure (HIPAA compliant) pharmacy prior authorizations with our new ePA program. This program eliminates the headache of telephone tag and fax communications and can get medication determinations in as little as minutes.

For more information on ePA process: <https://www.medimpact.com/forclients/epa-program>

MedImpact PA Line: 858-790-7100
