

2022 IFP & Small Group Authorization Service Code List

Release Date: October 1, 2022

Use for TX, GA, VA, UT

Update to 7/1/2022 list

Note: If a service is not on this list, it is considered No Authorization Required. You must validate member's benefits to determine covered services.

Note: Any service performed out-of-network by a provider or a facility requires an authorization. If in-network options can be identified, an administrative denial will be issued.

Note: The "Review done by:" column designates which codes will be reviewed by Magellan Rx, MedImpact, or Bright Healthcare. These codes will be under clinical review in all states.

Note: When services requiring only a network validation review are performed in a provider's office (Place of Service 11) by a Bright Healthcare contracted provider, no authorization is required for the claim to pay.

Note: The following Substance Use disorder services require Notification of Admission within 2-Business Day: Residential Treatment services (ASAM Level 3.1-3.5), Partial Hospitalization Program (PHP) (ASAM Level 2.5), Intensive Outpatient Program (IOP) (ASAM Level 2.1), and and 3.7 (Medically Monitored Intensive Inpatient).
